**Canada** Catharine Parr Traill, 2021-08-31 *In A Far in the Forest or Pictures of Life and Scenery in the Wilds of Canada* Catharine Parr Traill masterfully captures the essence of Canadian wilderness through evocative prose that blends vivid descriptions with personal narrative. Written in the mid 19th century, the book offers readers a rich tapestry of life in the Canadian backwoods, showcasing not only the breathtaking landscapes but also the challenges and triumphs of pioneer life. Traill employs a romanticized but realistic literary style that immerses the reader in the environment and experiences of early Canadian settlers, reflecting the broader literary movement of nature writing that was gaining traction at the time. Catharine Parr Traill, an English-born writer and naturalist, emigrated to Canada in 1832, bringing her acute observations of nature and culture with her. Her background and personal experiences in the wilderness shaped her perspective on the Canadian landscape, fueling her literary ambition to document the interactions between settlers and their surroundings. Traill's deep-rooted appreciation for nature, informed by her upbringing and education, enabled her to articulate both the beauty and the harshness of life in the wilds of Canada. I highly recommend *A Far in the Forest* to readers interested in Canadian literature, nature writing, or women's contributions to 19th-century narratives. Traill's insightful observations and poetic imagery not only transport you to the heart of Canada but also provide a unique perspective on resilience and adaptation in the face of nature's formidable challenges.

**Take a Walk on the Bright Side** Eugene Bright, 2016-09-13 Set against the backdrop of over one hundred years of world history, *Take a Walk on the Bright Side* begins with the story of Eugene Bright's restless entrepreneurial grandfather, Tom Bright, who uprooted his young family in 1907 to travel west and build a homestead in Saskatchewan. A few years later, he moved on and started over again in Montana, only to flee the United States when a confrontation with a neighbour turned dangerous. Tom was a colourful character who was married six times, twice to the same woman. Eugene's father, Ray Bright, left home at eighteen to work as a cowboy in Montana before marrying Lottie Sampson and settling down in Ontario to start farming. Although Lottie did not want any children, they had four boys and four girls. The family lived without running water or electricity, but they ate like kings, according to a hired man. Eugene and his brothers and sisters walked across neighbouring fields to a one-room schoolhouse run by an outstanding teacher. Eugene worked hard on the farm and at school, and he went on to attend bible college and university, beginning a thirty-one-year career as a teacher, a school principal, and a master at a teachers college. Told by the decade and extensively illustrated, *Take a Walk on the Bright Side* is a multi-generational tale brought to life by a keen observer.
