Diablo de la Botella, El / Club de Los Suicidas ,2005 *Beyond Bolaño* Héctor Hoyos,2015-01-27 Through a comparative analysis of the novels of Roberto Bola o and the fictional work of C sar Aira Mario Bellatin Diamela Eltit Chico Buarque Alberto Fuguet and Fernando Vallejo among other leading authors H ctor Hoyos defines and explores new trends in how we read and write in a globalized era Calling attention to fresh innovations in form voice perspective and representation he also affirms the lead role of Latin American authors in reshaping world literature Focusing on post 1989 Latin American novels and their representation of globalization Hoyos considers the narrative techniques and aesthetic choices Latin American authors make to assimilate the conflicting forces at work in our increasingly interconnected world Challenging the assumption that globalization leads to cultural homogenization he identifies the rich textual strategies that estrange and re mediate power relations both within literary canons and across global cultural hegemonies Hoyos shines a light on the unique avant garde phenomena that animate these works such as modeling literary circuits after the dynamics of the art world imagining counterfactual Nazi histories exposing the limits of escapist narratives and formulating textual forms that resist worldwide literary consumerism These experiments help reconfigure received ideas about global culture and advance new creative articulations of world consciousness **El suicida** Alfonso Reyes,1917 **El suicida** Alfonso Reyes,2018-01-03

El suicida es para Alfonso Reyes aquel ser que entra voluntariamente en la danza Aquel que por lucidez exceso de

intenciones o de sensibilidades ha enfermado Es un cr tico que por cansancio o por odio a las rutinas sagradas de la existencia renuncia a su oficio Pero sea que haya explicado previamente o no su doctrina del mundo hay que interrogar al suicida Por lealtad a la vida sobre cada tumba de suicida debiera abrirse un interrogatorio a perpetuidad Tan inaplazables como ste hay otros temas que se examinan a lo largo del volumen la conquista de la libertad los modos fundamentales de saludar la vida o la sonrisa la sonrisa que es filos ficamente m s permanente que la risa son algunos de ellos sta como toda la obra de Reyes es una respuesta a la existencia misma El suicida nos recuerda que estamos a bordo de la vida vivir es nuestra profesi n
