Summer Camp Race Of Horror:

Summer Camp Race of Horror Michael Kaye, 2002-07-15 Scott spent an enjoyable relaxing summer last year at Camp Pioneer but he could hardly expect the unlikely series of horrible and fascinating events that were to take place this summer events that would change both Scott and Camp Pioneer forever Scott's entry into the annual camp boat race was a mind boggling lesson of a lifetime *Summer Camp Race of Horror* Michael Kaye, 2002-07-01 *Critical Race Theory and Jordan Peele's Get Out* Kevin Wynter, 2022-04-21 This book provides a concise introduction to critical race theory and shows how this theory can be used to interpret Jordan Peele's *Get Out* It surveys recent developments in critical race studies and introduces key concepts that have helped shape the field such as Black masculinity white privilege the Black body and miscegenation The book's analysis of *Get Out* situates it within the context of the American horror film illustrating how contemporary debates in critical race theory and approaches to the analysis of mainstream Hollywood cinema can illuminate each other In this way the book provides both an accessible reference guide to key terminology in critical race studies and film studies while contributing new scholarship to both fields *Educational Institutions in Horror Film* A. Grunzke, 2015-04-01 An exploration of how educational institutions have been portrayed in horror film this book examines the way that scary movies have dealt with the issue of school violence focusing on movies set in high schools colleges and summer camps *White Race Discourse* John Foster, 2013-07-11 The election of Barack Obama as president led some to suggest that not only has US society made significant strides toward racial equality but it has moved beyond race or become post racial In fact studies have exposed numerous contradictions between the ways white Americans answer questions on surveys and how they respond to similar questions during in depth interviews How do we make sense of these contradictions In *White Race Discourse Preserving Racial Privilege in a Post Racial Society* John D Foster examines the numerous contradictions sixty one white college students exhibit as they discuss a variety of race matters Foster demonstrates that the whites interviewed possess a sophisticated method of communication to come across as ambivalent tolerant and innocent while simultaneously expressing their intolerance fear and suspicion of nonwhite Americans Whether intended or not this ambivalence assists in efforts to preserve social inequities while failing to address racial injustices While many scholars have written about the racetalk of whites few have succeeded in bridging both the theoretical and methodological gaps between whiteness scholars and discourse analysts *White Race Discourse* presents evidence that these white Americans are bureaucrats of whiteness in that they defend the racial status quo through their discourse It will be a valuable addition to the library of students and scholars of race studies and linguistics who research US race relations and discourse analysis *Race Harmony and Black Progress* Mark Ellis, 2013-10-16 Founded by white males the interracial cooperation movement flourished in the American South in the years before the New Deal The movement sought local dialogue between the races improvement of education and reduction of interracial violence tending the flame of white liberalism until the emergence of

white activists in the 1930s and after Thomas Jackson Jack Woofert Jr a Georgia sociologist and an authority on American race relations migration rural development population change and social security maintained an unshakable faith in the effectiveness of cooperation rather than agitation Race Harmony and Black Progress examines the movement and the tenacity of a man who epitomized its spirit and shortcomings It probes the movement s connections with late 19th century racial thought Northern philanthropy black education state politics the Du Bois Washington controversy the decline of lynching the growth of the social sciences and New Deal campaigns for social justice

Horror That Haunts Us Karrà Shimabukuro, Wickham Clayton, 2024-02-06

Horror s pleasures fundamentally hinge on looking backward either on destabilising trauma or as a period of comfort and happiness which is undermined by threat However this stretches beyond the scares on our screens to the consumption and criticism of the monsters of our past The horror films of our youth can be locations of psychological and social trauma or the happy place we go back to for comfort when our lives become unsettled Horror That Haunts Us Nostalgia Revisionism and Trauma in Contemporary American Horror is a collection of essays that brings together multiple theoretical and critical approaches to consider the way popular horror films from the last fifty years communicate embody and rework our view of the past Whether we look at our current relationship to the scary movies of decades ago as personal or cultural memory the way historical and sociopolitical events and frameworks especially traumas reframe the way we look at our pasts or even the way recent horror films and video games look back at our past and the past of the genre itself through a filter of experience and history this collection will show the close relationship between nostalgia and popular horror These essays also demonstrate a range of unique and diverse points of view from both established and emerging scholars on the subject of horror and the past Edited by seasoned horror experts Karr Shimabukuro and Wickham Clayton Horror That Haunts Us is a book with the aim of examining why we return again and again to certain popular horror films either as remakes or reboots or as the basis for pastiche and homage

Race Mixing Suzanne W. Jones, 2006-02-15

In the southern United States there remains a deep need among both black and white writers to examine the topic of race relations whether they grew up during segregation or belong to the younger generation that graduated from integrated schools In *Race Mixing* Suzanne Jones offers insightful and provocative readings of contemporary novels the work of a wide range of writers black and white established and emerging Their stories explore the possibilities of cross racial friendships examine the repressed history of interracial love reimagine the Civil Rights era through children s eyes herald the reemergence of the racially mixed character investigate acts of racial violence and interrogate both rural and urban racial dynamics Employing a dynamic model of the relationship between text and context Jones shows how more than thirty relevant writers including Madison Smartt Bell Larry Brown Bebe Moore Campbell Thulani Davis Ellen Douglas Ernest Gaines Josephine Humphreys

Randall Kenan Reynolds Price Alice Walker and Tom Wolfe illuminate the complexities of the color line and the problems in defining racial identity today While an earlier generation of black and white southern writers challenged the mythic unity of southern communities in order to lay bare racial divisions Jones finds in the novels of contemporary writers a challenge to the mythic sameness within racial communities and a broader definition of community and identity Closely reading these stories about race in America Race Mixing ultimately points to new ways of thinking about race relations We need these fictions Jones writes to help us imagine our way out of the social structures and mind sets that mythologize the past fragment individuals prejudice people and divide communities
