The Advent of Sun Myung Moon G. Chryssides, 1991-04-05 The Unification Church popularly known as the Moonies has been viewed as an eccentric and somewhat sinister cult best known for the mass wedding ceremonies conducted by its leader Sun Myung Moon In *The Advent of Sun Myung Moon* George Chryssides remains critical of the movement but brings the reader out of uninformed prejudice by presenting information about its Korean origins its teachings and the many ceremonies which until recently remained undisclosed The book is based on extensive conversations with members and critics alike together with extended periods spent at UC seminars

A Remarkable Journey Jonathan Gullery, 2018-05-02 A chronological overview of the Reverend Sun Myung Moon Dr Hak Ja Han Moon and the Unification Church From its beginnings in war ravaged Korea to its current global activities this photographic record recounts key events in this movement's history

The Advent of Sun Myung Moon George D. Chryssides, 1991 In writing any account of someone else's religious beliefs and practices any author must find himself between two poles what members of the religion wish to tell and what the public wishes to know Nowhere are these polarities more distant than in the field of new religions The public wishes to know about recruitment brainwashing and fundraising within the Unification Church while the authors discussion with UC members elicited far more material on their own inner spiritual life After consideration the author has concluded that a common meeting ground is simply not possible and that any book including this one has to be a compromise
