Clifton Edwards,2014-03-05 With an interdisciplinary approach Edwards utilizes literature aesthetics world religions and continental philosophy as avenues into the theology of natural beauty This is an epistemological look at our aesthetically charged knowing of God through nature Emphasizing our embodied experience of the world Edwards examines the phenomenon of perceptual beauty while questioning traditional notions of God s metaphysical beauty Drawing upon Michael Polanyi s philosophy of science Edwards explores the human aesthetic and religious interface with the natural world This philosophical approach is then linked to the poetic Polanyi s tacit knowledge and Jean Luc Marion s saturated phenomena give support to Wordsworth s pregnant vision of the natural world This approach culminates in a re envisaging of

John Ruskin's typology of natural beauty Ruskin's vision of the world can be adapted toward an understanding of natural revelation Edwards brings this Romantic theology back across the Atlantic in dialogue with American nature writers and the uniquely American experience of wilderness and frontier

God After Darwin 1E John Haught, 2021-11-28 Argues that both evolutionism and creationism rely too heavily on notions of underlying order and design Instead of focusing on the idea of novelty in human experience novelty as a necessary component of evolution and as the essence of divine Mystery In *God After Darwin* John Haught argues that the ongoing debate between Darwinian evolutionists and Christian apologists is fundamentally misdirected both sides persist in focusing upon an explanation of underlying design and order in the universe Haught suggests that what is lacking in both of these competing ideologies is the notion of novelty a necessary component of evolution and the essence of the unfolding of divine Mystery He argues that Darwin's disturbing picture of life instead of being hostile to religion as scientific skeptics and many believers have thought it to be actually provides a most fertile setting for mature reflection on the idea of God Solidly grounded in scholarship Haught's explanation of the relationship between theology and evolution is both accessible and engaging
