Empire's political disintegration in the west enormous political religious and cultural changes took place in the period of late antiquity This book is the first comprehensive study of the family in the later Roman Empire from approximately 300 AD to 550 AD Geoffrey Nathan analyses the classical Roman family as well as early Christian notions of this most basic unit of social organisation Using these models as a contextual backdrop he then explores marriage children domestic servitude and other familial institutions in late antiquity He brings together a diverse collection of sources transcending traditional studies that have centred on the legal record The Marriage Command Susan Fox,2003 The Marriage Command by Susan Fox released on Nov 24 2003 is available now for purchase **Common Law Marriage** Goran Lind,2008-09-02 The extraordinary recent increase in rates of cohabitation and non marital birth presents a major challenge to traditional family law principles and the legal rules governing cohabitation are thus among the most hotly contested areas of family law and policy today In many nations courts legislatures and law reform bodies are reinventing common law marriage seemingly without any sense of its history doctrinal development or limitations The current law surrounding common law marriage is extremely complex Professor Goran Lind has undertaken the demanding task of writing the most well researched text on this topic to date Separated into three Parts Common Law Marriage covers the origins of the doctrine its legal aspects in modern America and the future of cohabitation law across the globe and in the 11 American jurisdictions that currently recognize common law marriage It provides a cultural and historical history of the subject from Ancient Roman Law to Medieval Canon Law and analyzes over 2 000 American cases which have utilized the doctrine This timely book is an excellent resource for scholars legislators and policymakers who are interested in the complex legalities of common law marriage **The Sons of Constantine, AD 337-361** Nicholas Baker-Brian,Shaun Tougher,2020-05-30 This edited collection focuses on the Roman empire during the period from AD 337 to 361 During this period the empire was ruled by three brothers Constantine II 337 340 Constans I 337 350 and Constantius II 337 361 These emperors tend to be cast into shadow by their famous father Constantine the first Christian Roman emperor 306 337 and their famous cousin Julian the last pagan Roman emperor 361 363 The traditional concentration on the historically renowned figures of Constantine and Julian is understandable but comes at a significant price the neglect of the period between the death of Constantine and the reign of Julian and of the rulers who governed the empire in this period The reigns of the sons of Constantine especially that of the longest lived Constantius II mark a moment of great historical significance As the heirs of Constantine they became the guardians of his legacy and they oversaw the nature of the world in which Julian was to grow up The thirteen contributors to this volume assess their influence on imperial administrative cultural and religious facets of the empire in the fourth century **Constantine the Emperor** David Stone Potter,2015 An authoritative and vibrant new account of the extraordinary life of Constantine
