The Construction Of Orthodoxy And Heresy Neo Confucian Islamic Jewish And Early Christian Patterns:

The Construction of Orthodoxy and Heresy John B. Henderson, 1998-04-16 Presents the first systematic and cross cultural examination of ideas of orthodoxy and heresy in a group of major religious traditions **Reconceiving Religious Conflict** Wendy Mayer, Chris L. de Wet, 2018-01-17 Reconceiving Religious Conflict deconstructs instances of religious conflict within the formative centuries of Christianity the first six centuries CE It explores the theoretical foundations of religious conflict the dynamics of religious conflict within the context of persecution and martyrdom the social and moral intersections that undergird the phenomenon of religious conflict and the relationship between religious conflict and religious identity It is unique in that it does not solely focus on religious violence as it is physically manifested but on religious conflict and tolerance looking too at dynamics of religious discourse and practice that often precede and accompany overt religious violence **Contextualization of Sufi Spirituality in Seventeenth- and Eighteenth-Century China** David Lee, 2016-07-28 Liu Zhi c1662 c1730 a well known Muslim scholar writing in Chinese published outstanding theological works short treatises and short poems on Islam While traditional Arabic and Persian Islamic texts used unfamiliar concepts to explain Islam Liu Zhi translated both text and concepts into Chinese culture In this erudite volume David Lee examines how Liu Zhi integrated the basic religious living of the monotheistic Hui Muslims into their pluralistic Chinese culture Liu Zhi discussed the Prophet Muhammad in Confucian terms and his work served as a bridge between peoples This book is an in depth study of Liu Zhi s contextualization of Islam within Chinese scholarship that argues his merging of the two never deviated from the basic principles of Islamic belief The Study of Shi'i Islam Gurdofarid Miskinzoda, Farhad Daftary, 2014-01-08 Shi i Islam with its rich and extensive history has played a crucial role in the evolution of Islam as both a major world religion and civilization The prolific achievements of Shi i theologians philosophers and others are testament to the spiritual and intellectual wealth of this community Yet Shi i studies has unjustly remained a long neglected field despite the important contribution that Shi ism has made to Islamic traditions Only in recent decades partially spurred by global interest in political events of the Middle East have scholars made some significant contributions in this area The Study of Shi i Islam presents papers originally delivered at the first international colloquium dedicated exclusively to Shi i studies held in 2010 at The Institute of Ismaili Studies London Within the book are eight sections namely history the Qur an and its Shi i interpretations hadith law authority theology rites and rituals and intellectual traditions and philosophy Each section begins with an introduction contextualizing the aspects of studying Shi i Islam particular to its theme before going on to address topics such as the state of the field methodology and tools and the primary issues with which contemporary scholars of Shi i studies are dealing The scope and depth here covered makes this book of especial interest to researchers and students alike within the field of Islamic studies The volume benefits from the diverse expertise of nearly 30 world class scholars including Mohammad Ali Amir Moezzi Meir M Bar Asher Farhad Daftary Daniel De Smet Gerald R Hawting Nader El Bizri Etan

Kohlberg Wilferd Madelung Andrew Newman Ismail K Poonawala Sabine Schmidtke and Paul E Walker *Leaving Islam, Ex-Muslims and Zemiology* Weronika Lenartowicz, 2024-02-28 Cases of ex Muslims in Europe being punished by their former fellow Muslims constitute an unacceptable practice from the standpoint of democratic societies in which human rights are respected and individuals have the freedom to choose their religion or none at all Ex Muslims fear of punishment by their former community should prompt an open candid and measured discussion of the issue Leaving Islam Ex Muslims and Zemiology presents the reasons for and consequences of consciously leaving Islam based on interviews with 80 ex Muslims currently living in Germany and Sweden In their view many of the practices and beliefs of Islam are harmful and unfair Many parts of the Islamic world regard apostasy as treason or a crime As a result emphasis in the book is shifted from crime to harm and a thesis is put forward concerning the decriminalization of apostasy from the perspective of zemiology The book highlights how a broader shift of interest in the democratic structures of Europe could allow ex Muslims to join the discussion on the guaranteed right to religious liberties and freedom of speech in the context of the apostasy law in Islam This should happen without fear for their own security and without facing potential suppression or social exclusion It will appeal to scholars with interest in Islam and the conflict between religious values and an individual's aspirations and needs

A Companion to the Medieval World Carol Lansing, Edward D. English, 2012-12-26 Drawing on the expertise of 26 distinguished scholars this important volume covers the major issues in the study of medieval Europe highlighting the significant impact the time period had on cultural forms and institutions central to European identity Examines changing approaches to the study of medieval Europe its periodization and central themes Includes coverage of important questions such as identity and the self sexuality and gender emotionality and ethnicity as well as more traditional topics such as economic and demographic expansion kingship and the rise of the West Explores Europe's understanding of the wider world to place the study of the medieval society in a global context *The Armenians in the Medieval Islamic World* Seta B. Dadoyan, 2017-09-08 In this first of a massive three volume work Seta B Dadoyan studies the Armenian experience in the medieval Islamic world and takes the reader through hitherto undiscovered paradigmatic cases of interaction with other populations in the region Being an Armenian Dadoyan argues means having an ethnic ancestry laden with narratives drawn from the vast historic Armenian habitat Contradictory trends went into the making of Armenian history yet most narratives fail to reflect this rich texture Linking Armenian Islamic history is one way of dealing with the problem Dadoyan's concern is also to outline revolutionary elements in the making of Armenian ideologies and politics This extensive work captures the multidimensional nature of the Armenian experience in the medieval Islamic world The author holds that every piece of literature including historical writing is an artifact It is a composition of many elements arranged in certain forms order sequence proportion detail intensity etc The author has composed and arranged the larger subjects and their sub themes in such a way as to create an open dynamic continuity to Armenian history that is intellectually intriguing aesthetically

appealing and close to lived experiences *Religious Conflict from Early Christianity to the Rise of Islam* Wendy Mayer, Bronwen Neil, 2013-08-29 Conflict has been an inescapable facet of religion from its very beginnings This volume offers insight into the mechanisms at play in the centuries from the Jesus movement's first attempts to define itself over and against Judaism to the beginnings of Islam Profiling research by scholars of the Centre for Early Christian Studies at Australian Catholic University the essays document inter and intra religious conflict from a variety of angles Topics relevant to the early centuries range from religious conflict between different parts of the Christian canon types of conflict the origins of conflict strategies for winning for conflict resolution and the emergence of a language of conflict For the fourth to seventh centuries case studies from Asia Minor Syria Constantinople Gaul Arabia and Egypt are presented The volume closes with examinations of the Christian and Jewish response to Islam and of Islam's response to Christianity Given the political and religious tensions in the world today this volume is well positioned to find relevance and meaning in societies still grappling with the monotheistic religions of Judaism Christianity and Islam **Byzantium and Islam** Daniel J. Sahas, 2021-11-22 The long history of Byzantium is also a history of Byzantine Arab and Christian Muslim relations not necessarily exemplary but often fascinating in mutual admiration and exclusion Literature culture science religious faith and strategic politics are the products of this encounter Understanding Salafism Yasir Qadhi, 2025-06-12 The Salafi movement invokes fear and dread in outsiders who treat Salafism as synonymous with religious extremism For Salafis themselves it's a jealously guarded title always in danger of dilution Salafism has changed the face of Islam its ideas reach far outside its own ranks Yet popular portrayals never go beyond hackneyed stereotypes In *Understanding Salafism* Dr Yasir Qadhi delves into the origins of the movement from the earliest debates in Islam to Salafism today in both the Western and Islamic worlds In an analysis covering Salafism in the Middle East Europe the United States and Africa he illuminates Salafism's theological ideas the debates within Salafism about political participation and its relationship to other schools in Sunni Islam Table of Contents List of Figures Preface Conventions 1 Introduction A Bird's Eye View of Salafism 2 A Comprehensive History of Salafi Thought From its Origins to Modernity 3 Wahhabism and Salafism 4 Salafism and Islamism A Case Study of the Muslim Brotherhood 5 The Phenomenon of Jihadi Salafism 6 Global Salafism in the Contemporary World Epilogue Notes Bibliography Index
