Early Modern Philosophy of Religion Graham Oppy,N. N. Trakakis,2014-09-11 The early modern period in philosophy encompassing the 16th to the 18th centuries reflects a time of social and intellectual turmoil The Protestant Reformation the Catholic Counter Reformation and the birth of the Enlightenment all contributed to the re evaluation of reason and faith The revolution in science and in natural philosophy swept away two millennia of Aristotelian certainty in a human centred universe Covering some of the most important figures in the history of Western thought notably Descartes Locke Hume and Kant Early Modern Philosophy of Religion charts the philosophical understanding of religion at a time of intellectual and spiritual revolution Early Modern Philosophy of Religion will be of interest to historians and philosophers of religion while also serving as an indispensable reference for teachers students and others who would like to learn more about this formative period in the history of ideas **Studies in the Philosophy of Religion and History** Andrew Martin Fairbairn,1877 *Readings in Philosophy of Religion* Linda Zagzebski,Timothy D. Miller,2009-03-30 Comprised of readings from ancient to modern times this volume offers a comprehensive introduction to the central questions of the philosophy of religion Provides a history of the philosophy of religion from antiquity up to the twentieth century Each section is preceded by extensive commentary written by the editors followed by readings that are arranged chronologically Designed to be accessible to both undergraduate and graduate students *The History of Western Philosophy of Religion* Graham Oppy,Nick Trakakis,2013-07 This volume provides a unique insight into the life and writings of a diverse group of philosophers in antiquity and presents the latest thinking on their views on God the gods religious belief and practice *The Philosophy of Religion on the Basis of Its History: The historical development of the religious consciousness ; The contents of the religious consciousness (opening chapters)* Otto Pflieger,1888 *Nineteenth-Century Philosophy of Religion* Graham Oppy,N. N. Trakakis,2014-09-19 The nineteenth century was a turbulent period in the history of the philosophical scrutiny of religion Major scholars such as Hegel Fichte Schelling Newman Caird and Royce sought to construct systematic responses to the Enlightenment critiques of religion carried out by Spinoza and Hume At the same time new critiques of religion were launched by philosophers such as Schopenhauer and Nietzsche and by scholars engaged in textual criticism such as Schleiermacher and Dilthey Over the course of the century the work of Marx Freud Darwin and Durkheim brought the revolutionary perspectives of political economy psychoanalysis evolutionary theory and anthropology to bear on both religion and its study These challenges played a major role in the shaping of twentieth century philosophical thought about religion Nineteenth Century Philosophy of Religion will be of interest to scholars and students of Philosophy and Religion and will

serve as an authoritative guide for all who are interested in the debates that took place in this seminal period in the history of philosophical thinking about religion **The History of Western Philosophy of Religion, Five Volume Set** Graham

Oppy, N. N. Trakakis, 2014-12 An international team of over 100 leading scholars has been brought together to provide authoritative exposition of how history's most important philosophical thinkers from antiquity to the present day have sought to analyse the concepts and tenets central to Western religious belief especially Christianity Divided chronologically into five volumes The History of Western Philosophy of Religion is designed to be accessible to a wide range of readers from the scholar looking for original insight and the latest research findings to the student wishing for a masterly encapsulation of a particular philosopher's views It will become the standard reference in the field Features each volume opens with a general introduction presenting an overview of philosophy of religion in the period each essay opens with a brief biography then outlines and analyses that philosopher's contribution to thinking on religion and concludes with key further reading essays are cross referenced highlighting the development of major ideas and influences across history each volume closes with a chronology presenting a contextual guide to the main religious political cultural and artistic events of the period each volume contains its own bibliography and index *Essentials in the Development of Religion* J. E. Turner, 2023-07-14 First published

in 1934 *Essentials in the Development of Religion* was written with the conviction that the psychological and philosophical analysis of all phases of religious experience even those which may be accounted the highest is capable of yielding results of inestimable importance which could be attained in no other way Dr Turner discusses the historical development of the philosophy of religion and reveals topics that have been presupposed or embodied in regular human life The book will be of interest to students of philosophy religion and psychology **The Evolution of the Idea of God** Grant Allen, 2025-03-29

Explore the fascinating evolution of religious thought with Grant Allen's *The Evolution of the Idea of God: An Inquiry into the Origins of Religions* This seminal work delves into the anthropological roots of faith tracing the historical development of the concept of God from its earliest manifestations to more complex theological systems Allen's inquiry offers a thought provoking exploration of religion and its intersection with science He meticulously examines the origins of religious beliefs and practices providing a historical perspective on the human quest to understand the divine This book is a significant contribution to the study of religious history and the philosophy of religion Discover the historical context and intellectual framework that shaped our understanding of God presented in a carefully prepared print republication of this classic text A valuable resource for anyone interested in the history of religion anthropology and the ongoing dialogue between religion and reason This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made

RELATION OF THE PHILOSOPHY TO THE HISTORY OF RELIGION

rTtHE relation of the Philosophy of Religion to its History may be determined by the general consideration that all Philosophy is simply the intelligent study and apprehension of human experience For this implies on the one hand that philosophy neither neglects experience nor attempts by any a priori method to reach truth independently of experience and on the other hand that philosophy has a function of its own for which the observation and recording of empirical facts is only preparatory In religion as elsewhere philosophy is based on experience but it is something more than a mere result of empirical induction It enables us to put intelligent questions to experience and it furnishes the principles by means of which these questions can be answered The truth of this statement will be made obvious by looking at the subject from the opposite points of view first of experience and secondly of philosophy in other words by considering what elements are contributed 1 by history to philosophy and 2 by philosophy to history in the Philosophy of Religion I There are certain branches of knowledge in the study of which we are independent of the history of the past others into which a historical element necessarily enters In some cases the laws which science unfolds are relations of phenomena which are immediately before us the results which it reaches are generalisations from present observation and experience and the means of verifying these results are ever ready to our hand The Astronomical and Chemical student deals with objects the knowledge of which is independent or all but independent of the history of their genesis The order of the
