Operation Nemesis Eric Bogosian, 2024-09-24 A masterful account of the assassins who hunted down the perpetrators of the Armenian Genocide set in the context of Ottoman and Armenian history A dramatic work of history that reads like a thriller Michael Bobelian Los Angeles Times In 1921 a tightly knit band of killers set out to avenge the deaths of almost one million victims of the Armenian Genocide They were a humble bunch an accountant a life insurance salesman a newspaper editor an engineering student and a diplomat Together they formed one of the most effective assassination squads in history They named their operation Nemesis after the Greek goddess of retribution The assassins were survivors men defined by the massive tragedy that had devastated their people With operatives on three continents the Nemesis team killed six major Turkish leaders in Berlin Constantinople Tiflis and Rome only to disband and suddenly disappear The story of this secret operation has never been fully told until now Eric Bogosian goes beyond simply telling the story of this cadre of Armenian assassins by setting the killings in the context of Ottoman and Armenian history as well as showing in vivid color the era s history rife with political fighting and massacres Casting fresh light on one of the great crimes of the twentieth century and one of history s most remarkable acts of vengeance Bogosian draws upon years of research and newly uncovered evidence Operation Nemesis is the result both a riveting read and a profound examination of evil revenge and the costs of violence Absorbing reading Where it matters most he delivers in his gripping action accounts of Nemesis at work and in the sober assessment of its terrible aftermath Joseph Kanon New York Times Book Review Hitler asked Who remembers the Armenians Eric Bogosian that s who Read his potent action packed account of how a little known assassination plot harkens back to a world historical genocide and so will you Sarah Vowell author of *The Wordy Shipmates* and *Assassination Vacation* *King of the World* Philip Mansel, 2020-09-01 Louis XIV was a man in pursuit of glory Not content to be the ruler of a world power he wanted the power to rule the world And for a time he came tantalizingly close Philip Mansel s *King of the World* is the most comprehensive and up to date biography in English of this hypnotic flawed figure who continues to captivate our attention This lively work takes Louis outside Versailles and shows the true extent of his global ambitions with stops in London Madrid Constantinople Bangkok and beyond We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants his enmity with England and his relations with the rest of Europe as well as Asia Africa and the Americas We also see the king s effect on the two great global diasporas of Huguenots and Jacobites and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France Along the way we are enveloped in the splendor of Louis s court and the fascinating cast of characters who prostrated and plotted within it *King of the World* is exceptionally researched drawing on international archives and incorporating sources who knew the king intimately including the newly released correspondence of Louis s second wife Madame de Maintenon Mansel s narrative flair is a perfect match for this grand figure and he brings the Sun King s world to vivid life This is a global biography of a

global king whose power was extensive but also limited by laws and circumstances and whose interests and ambitions stretched far beyond his homeland Through it all we watch Louis XIV progressively turn from a dazzling attractive young king to a belligerent reactionary who sets France on the path to 1789 It is a convincing and compelling portrait of a man who three hundred years after his death still epitomizes the idea of le grand monarque The Architects of Ottoman Constantinople Alyson Wharton-Durgaryan,2015-02-26 The Balyan family were a dynasty of architects builders and property owners who acted as the official architects to the Ottoman Sultans throughout the 18th and 19th centuries Originally Armenian the family is responsible for some of the most famous Ottoman buildings in existence many of which are regarded as masterpieces of their period including the Dolmabah e Palace built between 1843 and 1856 parts of the Topkap Palace the ra an Palace and the Ortak y Mosque Forging a unique style based around European contemporary architecture but with distinctive Ottoman flourishes the family is an integral part of Ottoman history As Alyson Wharton s beautifully illustrated book reveals the Balyan s own history of falling in and out of favour with increasingly autocratic Sultans serves as a record of courtly power in the Ottoman era and is uniquely intertwined with the history of Istanbul itself Aleppo Philip Mansel,2016-02-28 Every time gardens welcomed us we said to them Aleppo is our aim and you are merely the route Al Mutanabbi Aleppo lies in ruins Its streets are plunged in darkness most of its population has fled But this was once a vibrant world city where Muslims Christians and Jews lived and traded together in peace Few places are as ancient and diverse as Aleppo one of the oldest continuously inhabited cities in the world successively ruled by the Assyrian Persian Greek Roman Arab Ottoman and French empires Under the Ottomans it became the empire s third largest city after Constantinople and Cairo It owed its wealth to its position at the end of the Silk Road at a crossroads of world trade where merchants from Venice Isfahan and Agra gathered in the largest suq in the Middle East Throughout the region it was famous for its food and its music For 400 years British and French consuls and merchants lived in Aleppo many of their accounts are used here for the first time In the first history of Aleppo in English Dr Philip Mansel vividly describes its decline from a pinnacle of cultural and economic power a poignant testament to a city shattered by Syria s civil war **Architecture, Power and Religion in Lebanon** Ward Vloeberghs,2015-11-24 In Architecture Power and Religion in Lebanon Ward Vloeberghs explores Rafiq Hariri s patronage and his posthumous legacy to demonstrate how religious architecture becomes a site for power struggles in contemporary Beirut By tracing the 150 year long history of the Muhammad al Amin Mosque Lebanon s principal Sunni mosque and the subsequent development of the site as a commemoration venue this account offers a unique illustration of how architecture religion and power become discursively and visually entangled Set in a multi confessional society marked by social inequalities and political fragmentation this interdisciplinary study analyses how architectural practice and urban reconfigurations reveal a nascent personality cult communal mourning and the consolidation of political territory in relation to constantly shifting circumstances **Constantinople** Philip Mansel,2011-11-10 Philip Mansel s highly acclaimed history

Between Empires Philip Mansel, 2014-03-25 Paris between 1814 and 1852 was the capital of Europe a city of power and pleasure a magnet for people of all nationalities that exerted an influence far beyond the reaches of France Paris was the stage where the great conflicts of the age between nationalism and cosmopolitanism revolution and royalism socialism and capitalism atheism and Catholicism were fought out before the audience of Europe As Prince Metternich said When Paris sneezes Europe catches cold Not since imperial Rome has one city so dominated European life Paris *Between Empires* tells the story of this golden age from the entry of the allies into Paris on March 31 1814 after the defeat of Napoleon I to the proclamation of his nephew Louis Napoleon as Napoleon III in the Hotel de Ville on December 2 1852 During those years Paris the seat of a new parliamentary government was a truly cosmopolitan capital home to Rossini Heine and Princess Lieven as well as Berlioz Chateaubriand and Madame Recamier Its salons were crowded with artisans and aristocrats from across Europe attracted by the freedom from the political social and sexual restrictions that they endured at home This was a time too of political turbulence and dynastic intrigue of violence on the streets and women manipulating men and events from their salons In describing it Philip Mansel draws on the unpublished letters and diaries of some of the city's leading figures and of the foreigners who flocked there among them Lady Holland two British ambassadors Lords Stuart de Rothesay and Normanby and Charles de Flahaut lover of Napoleon's step daughter Queen Hortense This fascinating book shows that the European ideal was as alive in the nineteenth century as it is today
