A Page Out of Life Kathleen Reid, 2008-04-29 The connections women make through scrapbooking inspire a novel full of the twists and turns that keep readers turning pages When frazzled mother of four Ashley joins a local scrapbook club she's amazed at the way old photos and mementos can bring color to sepia toned memories Among the diverse group is Tara a single grad student whose search for love like her relationship with her absentee father has only brought her heartache and some funny dating stories Then there's Libby a semi retired teacher who thought she'd spend her golden years taking classes not as a town pariah after her son is charged in a corporate scandal But all three find comfort and inspiration in the scrapbooking group where they learn that only together can they face earth shattering revelations and emotionally unavailable men and figure out their futures while artfully commemorating their pasts Multiple Sclerosis Rosalind Kalb, 2005-09-01 Because most people who are diagnosed with MS are between the ages of 15-55 years the disease has a significant impact not only on the individual with the disease but also on the family members and loved ones whose lives are

interwoven with them Families experiencing multiple sclerosis often find themselves in uncharted territory Prior patterns of interacting with each other may no longer work roles often shift with dramatic emotional impact guilt anger sadness and a sense of burden may create a barrier to intimacy joy growth and family unity There are ways out of this debilitating situation and many families have restored their balance humor productivity and family solidarity Multiple Sclerosis A Guide for Families can lead the way for your family to strengthen its coping skills and to receive targeted information about the disease and its ramifications This complete yet highly readable guide for families living with multiple sclerosis addresses these issues and more Families must learn how to strike a reasonable balance between the interests and needs of its members and to accommodate the limitations imposed by MS without allowing them to impact every aspect of family life This is easier said than done and extensive discussions consider how the basic goals of living with this chronic disease can be met
