The Complete For Tracing Your Irish Ancestors:

Tracing Your Irish Ancestors John Grenham, 1993 John Grenham's *Tracing Your Irish Ancestors* is arguably the best book ever written on Irish genealogy. Not since Margaret Falley's *Irish and Scotch Irish Ancestral Research* written in the early 1960s has there been a book that combines all the best features of a textbook and a reference book expertly describing the various steps in the research process while at the same time providing an indispensable body of source materials for immediate use. Now updated to reflect the enormous changes brought about by the Internet, the new Third Edition of *Tracing Your Irish Ancestors* marks another huge step forward in Irish genealogy. Most importantly, a chapter has been added that deals specifically with the Internet while a new online subsection showing county Internet sources has been added to each of the county source lists and where possible references have been given throughout for any online versions of the records dealt with.
