  Skyscraper Primitives Dickran Tashjian,1975   **Skyscraper Primitives** Dickran Tashjian,1975   Skyscrapers George H. Douglas,2004-08-19 This history of skyscrapers examines how these tall buildings affected the cityscape and the people who worked in lived in and visited them Much of the focus is rightly on the architects who had the vision to design and build America s skyscrapers but attention is also given to the steelworkers who built them the financiers who put up the money and the daredevils who attempt to conquer them in some inexplicable pursuit of fame The impact of the skyscraper on popular culture particularly film and literature is also explored   **Physics and the Modernist Avant-Garde** Rachel Fountain Eames,2023-02-09 Developing a reading of modernist poetics centred on the three way relationship between literature modern physics and avant garde art movements this book focuses on four key poets William Carlos Williams Mina Loy the Baroness Elsa von Freytag Loringhoven and Wallace Stevens whose lives crossed paths in 20th century New York This book explores how modernist art movements have shaped these writers thinking about physics in relation to their work demonstrating how science s new ideas about measurement and how to visualize material reality provoked innovative poetic forms and images From Einstein s visit to New York City in 1921 to the impact of the atomic bomb the author traces the flow of ideas about physics through culture linking the new physics with modern approaches to art found in Cubism Futurism Dada and Surrealism   *The Dial* Francis Fisher Browne,Waldo Ralph Browne,Scofield Thayer,Marianne Moore,1923

  Uneasy Alliance Hans Bak,2004 Uneasy Alliance illuminates the recent search in literary studies for a new interface between textual and contextual readings Written in tribute to G A M Janssens the twenty one essays in the volume exemplify a renewed awareness of the paradoxical nature of literary texts both as works of literary art and as documents embedded in and functioning within a writer s life and culture Together they offer fresh and often interdisciplinary perspectives on twentieth century American writers of more or less established status Henry James Edna St Vincent Millay E E Cummings Vladimir Nabokov Flannery O Connor Saul Bellow Michael Ondaatje Toni Morrison and Sandra Cisneros as well as on those who for reasons of fashion politics ideology or gender have been unduly neglected Booth Tarkington Julia Peterkin Robert Coates Martha Gellhorn Isabella Gardner Karl Shapiro the young Jewish American writers Julia Alvarez and writers of popular crime and detective fiction Exploring the fruitful interactions and uneasy alliance between literature and ethics film biography gender studies popular culture avant garde art urban studies anthropology and multicultural studies together these essays testify to the ongoing pertinence of an approach to literature that is undogmatic sensitive and sophisticated and that seeks to do justice to the complex interweavings of literature culture and biography in twentieth century American writing   **The Machine that Sings** Gordon A. Tapper,2013-10-18 Examining how Crane s corporeal aesthetic informs poems written across the span of his career The Machine That Sings focuses on four texts in which Crane s preoccupation with the body reaches its apoge Tapper treats Voyages The Wine Merchant and Possessions as a triptych of erotic poems in

which Crane plays out alternative resolutions to the dialectic between purity and defilement a conceptual dynamic which Tapper argues is central to both Crane s poetics of difficulty and his representations of homosexual desire Tapper concentrates on the three sections of The Bridge most concerned with recuperating animality National Winter Garden The Dance and Cape Hatteras **Film and Literary Modernism** Robert P. Modernism, Romance and the Fin de Siècle Nicholas Daly,2000-02-10 In Modernism Romance and the Fin de Si cle Nicholas Daly explores the popular fiction of the romance revival of the late Victorian and Edwardian years focusing on the work of such authors as Bram Stoker H Rider Haggard and Arthur Conan Doyle Rather than treating these stories as Victorian Gothic Daly locates them as part of a popular modernism Drawing on work in cultural studies this book argues that the vampires mummies and treasure hunts of these adventure narratives provided a form of narrative theory of cultural change at a time when Britain was trying to accommodate the new imperialism the rise of professionalism and the expansion of consumerist culture Daly s wide ranging study argues that the presence of a genre such as romance within modernism should force a questioning of the usual distinction between high and popular culture   The Cambridge Companion to Modernism Michael Levenson,2011-09-15 Including chapters on the major literary genres intellectual political and institutional contexts film and the visual arts this text provides both close analyses of individual works of modernism and a broader set of interpretive narratives   **History of a Shiver** Jed Rasula,2016 A sweeping cultural history that draws on music literature painting and film History of a Shiver uncovers how art pioneered in the 19th century provided the foundation for modernist aesthetics   **Bodies of Poems** Lennart Nyberg,2009 The traditional borders between the arts have been eroded to reveal new connections and create new links between art forms Cultural Interactions is intended to provide a forum for this activity It will publish monographs edited collections and volumes of primary material on points of crossover such as those between literature and the visual arts or photography and fiction music and theatre sculpture and historiography   **The Revolution in the Visual Arts and the Poetry of William Carlos Williams** Peter Halter,1994-07-29 This book is a major step toward a fuller exploration of the connection between the visual arts and Williams concept of the Modernist poem and of his achievement in transcending an art for art s sake formalism to create poems that both reflect their own nature as a work of art and vividly evoke the world of which they are a part

Modernism's Other Work Lisa Siraganian,2015 Modernism s Other Work challenges our view of relationships between aesthetic autonomy and the world of daily life a conjuncture that Lisa Siraganian demonstrates has often been misunderstood in critical studies of modernism Connecting poetry to the visual arts and politics the author provides new ways to think about modernist art s relationship   Errant Modernism Esther Gabara,2008-12-15 Examines photographs mixed media essays and experimental literature from two of the most influential modernist avant garde movements in Latin America proposing a theory of modernism that addresses the intersection of ethics and aesthetics   *A Companion to American Art* John Davis,Jennifer A.
