Slave Drivers:

The Slave Drivers William L. Van Deburg, 1979-05-02 The Florentine artist Agnolo Bronzino 1503-1572 has long been celebrated as the consummate court painter and his sumptuous portrayals of Duke Cosimo de' Medici and Duchess Eleonora de' Toledo have become icons of Italian Renaissance art. In this volume an international assembly of scholars advances modern perceptions of Bronzino's art by applying fresh research paradigms not only to the well-known portraits but also to other painted subjects, frescoes and tapestries within the context of ancient Roman precedents, Renaissance European court culture and postmodernist theory. The seven essays supplement two recent Bronzino exhibitions in New York and Florence, 2010, by addressing Bronzino's portraiture, creative process and tapestry production as well as past and present attitudes towards nudity, sexuality, landscapes and poetic satire in Bronzino's imagery. *The Slave Drivers* William L. Van

Deburg, 1979 Despite increased interest in the lives of American slaves, the slave elite has been accorded only shallow study by historians, leaving the topic to unfavorable stereotypes, legend and undocumented assertions. In this revelatory work William Van Deburg takes up the case of the black slave driver, examining the conflicting depictions given in histories, accounts of white southerners and antebellum travelers and narratives of fugitive slaves and ex-bondsmen. He describes the daily lives and duties of black drivers and refuting the stereotype of cruel collaborator shows that their role neither psychologically destroyed slave drivers nor turned them into sadistic oppressors. Socially and emotionally tied to their fellow slaves, the bondsmen identified with their interests more closely than with those of the owner. Van Deburg concludes this valuable revisionist work with a useful essay on his primary sources. The Yankee Slave Driver, Or, The Black and White Rivals ; with Illustrations Samuel Mosheim Smucker, 1857 **The Yankee Slave Driver** Samuel M.

Smucker, 2022-07-28 Reprint of the original first published in 1860 Women and Slavery in the French Antilles, 1635-1848 Bernard Moitt, 2001-11-14 Women and Slavery in the French Antilles, 1635-1848 Bernard Moitt Examines the reaction of black women to slavery. In Women and Slavery in the French Antilles, 1635-1848 Bernard Moitt argues that gender had a profound effect on the slave plantation system in the French Antilles. He details and analyzes the social condition of enslaved black women in the plantation societies of Martinique, Guadeloupe, Saint Domingue (now Haiti) and French Guiana from 1635 to the abolition of slavery in the French colonial empire in 1848. Moitt examines the lives of black women in bondage, evaluates the impact that the slave experience had on them and assesses the ways in which women reacted to and coped with slavery in the French Caribbean for over two centuries. As males outnumbered females for most of the slavery period and monopolized virtually all of the specialized tasks, the disregard for gender in task allocation meant that females did proportionately more hard labor than did males. In addition to hard work in the fields, women were engaged in gender-specific labor and performed a host of other tasks. Women resisted slavery in the same ways that men did, as well as in ways that gender and allocation of tasks made possible. Moitt casts slave women in dynamic roles previously ignored by historians, thus

bringing them out of the shadows of the plantation world into full view where they belong Bernard Moitt is Assistant Professor in the History Department at Virginia Commonwealth University in Richmond Previously he taught at the University of Toronto and at Utica College of Syracuse University Educated in Antigua where he was born Canada and the United States he has written on aspects of francophone African and Caribbean history with particular emphasis on gender and slavery Blacks in the Diaspora Darlene Clark Hine John McCluskey Jr David Barry Gaspar general editors June 2001 256 pages 6 1 8 x 9 1 4 index append cloth 0 253 33913 8 44 95 L 34 00 paper 0 253 21452 1 19 95 s 15 50

Slave Against Slave Jeff Forret, 2015-11-16 In the first ever comprehensive analysis of violence between slaves in the antebellum South Jeff Forret challenges persistent notions of slave communities as sites of unwavering harmony and solidarity Though existing scholarship shows that intraracial black violence did not reach high levels until after Reconstruction contemporary records bear witness to its regular presence among enslaved populations Slave against Slave explores the roots of and motivations for such violence and the ways in which slaves masters churches and civil and criminal laws worked to hold it in check Far from focusing on violence alone Forret s work also adds depth to our understanding of morality among the enslaved revealing how slaves sought to prevent violence and punish those who engaged in it Forret mines a vast array of slave narratives slaveholders journals travelers accounts and church and court records from across the South to approximate the prevalence of slave against slave violence prior to the Civil War A diverse range of motives for these conflicts emerges from tensions over status differences to disagreements originating at work and in private to discord relating to the slave economy and the web of debts that slaves owed one another to courtship rivalries marital disputes and adulterous affairs Forret also uncovers the role of explicitly gendered violence in bondpeople s constructions of masculinity and femininity suggesting a system of honor among slaves that would have been familiar to southern white men and women had they cared to acknowledge it Though many generations of scholars have examined violence in the South as perpetrated by and against whites the internal clashes within the slave quarters have remained largely unexplored Forret s analysis of intraracial slave conflicts in the Old South examines narratives of violence in slave communities opening a new line of inquiry into the study of American slavery

Captivity György Spiró,2015-11-03 This translation originally copyrighted in 2010 **From Trickster to Badman** John W. Roberts,2010-11-24 To protect their identity and values Africans enslaved in America transformed various familiar character types to create folk heroes who offered models of behavior both recognizable to them as African people and adaptable to their situation in America Roberts specifically examines the Afro American trickster and the trickster tale tradition the conjurer as folk hero the biblical heroic tradition and the badman as outlaw hero **Voices from Slavery** Norman R. Yetman,2012-03-15 Vivid descriptions of the horrors of slave auctions and many other unforgettable and sometimes unrepeatable details of slave life Accompanied by 32 starkly compelling photographs **Man, Know Thyself** Rick Duncan,2013-07-09 Man Know Thyself is perhaps one of the world s oldest and most important sayings This adage was originally coined by Imhotep the world s first multi genius and perhaps the greatest creative mortal individual who ever lived Imhotep lived over five and a half thousand years ago from our present age It must be said immediately that Imhotep was an African He is among our first Notable Ancestors Considering Imhotep s instruction it means that as individuals as a family collectively as a people a community a society or a nation we should know ourselves that is who we are This includes knowledge of who spawned us where we have been and where we currently are Knowing this as our Notable Ancestor and Grandmaster Teacher Baba Dr John Henrik Clarke has said will tell us who we are and where we must get to Who we are is dependent on who we were Who we were should determine who we should be To emphasise the point Marcus Garvey another of our most important Notable Ancestors frequently reiterated this advice when he reminded us that our first obligation is to know ourselves He told us that we should make our knowledge about us so complete so as to make it impossible for others to take advantage of us He told us that in order to know ourselves we must know who our Ancestors were and what they achieved We would then realize who we are and what we are capable of achieving This is the meaning of the African adage and Sankofa symbol of looking back in order to go forward The importance of knowing our ancestors has been summed up in an old Native American saying that It is the spirit of our ancestors that should guide our path There is a sense however that Africans have forgotten our ancestors Because of this there is no spirit to guide us and so Africans are lost and confused The roots of African spirituality and culture have been made redundant Yet as Dr Clarke points out the umbilicord that tied Africans to our spiritual and cultural roots have only been stretched It has never been broken It is for Africans to come to this realization and to rediscover the spirit of our ancestors This volume lists some of our Notable Ancestors in the hope that knowledge about them and their achievements will aid some of us in understanding where we

have been who we presently are and consequently who we must become Ultimately it is hoped that we may use this knowledge to reconnect with the spirit of our Ancestors and let them be our guide This volume is based on the truth about Africans and therefore correcting what is told about us This corrective knowledge of us is important because as Imhotep said Know the truth and the truth shall set you free This means being free to interpret our own story and to define who we are This is crucial because although history is a witness to the truths history has been stolen by others who have hidden the truths about us History has never been true or kind to Africans and therefore it cannot tell us about us Yet as Peter Tosh intimated we cannot come to a consciousness of ourselves of who we are if we do not know the truths about us History has been described as the Queen of the academic subjects So important is History that it is said that whoever controls history controls the future In one sense education in general and history in particular is about teaching us who we are History teaches who we are so as to help us to know where we belong in our community or society Africans cannot know where we belong in society however because our story has been told by others those who own history Africans are therefore unaware of who we are because what is known about us is not the truth about us The story of Africans the oldest people on earth like the history of the world is taught by others Yet these others came into the world thousands of years after Africans had already established great civ

Arming Slaves Christopher Leslie Brown, Philip D. Morgan, 2008-10-01 Arming slaves as soldiers is a counterintuitive idea Yet throughout history in many varied societies slaveholders have entrusted slaves with the use of deadly force This book is the first to survey the practice broadly across space and time encompassing the cultures of classical Greece the early Islamic kingdoms of the Near East West and East Africa the British and French Caribbean the United States and Latin America To facilitate cross cultural comparisons each chapter addresses four crucial issues the social and cultural facts regarding the arming of slaves the experience of slave soldiers the ideological origins and consequences of equipping enslaved peoples for battle and the impact of the practice on the status of slaves and slavery itself What emerges from the book is a new historical understanding the arming of slaves is neither uncommon nor paradoxical but is instead both predictable and explicable
