The Slayer's Guide to Kobolds Alejandro Melchor, Mongoose Publishing, Matthew Sprange, 2003-04-03 Kobolds are a common sight in many campaign worlds deemed by most adventurers to be a minor nuisance at best Certainly most experienced adventurers would question the need to study kobolds in any great depth but then few have faced the full might of a kobold clan and lived long enough to warn others of the peril they offer The Slayer s Guide to Kobolds offers insight to all adventurers in the culture and society of this vicious race enabling them to track down engage and wipe out dozens of these murderous beasts It can only be hoped that such efforts will be enough to stall and drive back a race that is almost literally numberless No race in any campaign world however exists solely to provide cannon fodder for allegedly heroic adventurers The Slayers Guide to Kobolds redresses this imbalance by giving Games Masters the information they need to make kobolds a solid and coherent part of their campaign No longer will players merely scoff and draw their swords when they meet a group of kobolds within some ancient ruin Finally kobolds will have the respect they have always deserved Book jacket [Slayer's Guide Compendium I](#) Christopher Allen, 2004-12-07 Consisting of eight Slayer s Guide titles brought together for the first time the first Slayer s Guide Compendium provides readers with the opportunity to get their hands on early and out of print Slayer s Guide titles in one convenient hard backed volume The Compendium will also include at least one previously unreleased Slayer s Guide title never before seen in print Furthermore the text will be updated to version 3.5 for the first time bringing all the books up to date **The Slayer's Guide to Lizardfolk** A. GMs are treated to an overview of what creatures make the best types of Undead as well as a treatise on the nature of Undeath itself be it corporeal or incorporeal free willed or mindless The Free Willed Living Dead is a chapter guaranteed to cause players nightmares in their games Covered here are the more potent forms of Undead including Bodaks Devourers Ghouls including a Ghoul King Mummies Wights Gholles As well as a massive amount of background information and gaming tips each also comes with a full blown template allowing you to turn any existing creature into an absolute nightmare A complete scenario has been included in the form of The Peak of the Nightlord designed for 9 11th level characters and the players had better pray they have a cleric in their ranks Detailed maps are provided to plot the action as the players attempt to penetrate the lair of a vampire and this scenario is very much in the Gary Gygax mould we all know and love The Bestiary of the Damned wraps up this 128 page supplement with 20 creatures of the night that can be pulled out on your players at a moment s notice or be used to fuel your own scenarios A complete index is included allowing handy reference during play
