Sleeping Beauties The Jerome L Joss Collection Of African:

Sleeping Beauties William Joseph Dewey, Toshiko Miyabayashi McCallum, Jerome Feldman, 1993 **Behind Closed Eyes** Kasia Szpakowska, 2003-12-31 Dreams and nightmares have long puzzled and fascinated yet this is the first book to explore such visions in the Ancient Egyptian world The author traces the evidence from the first half of Egypt's long history the Old Kingdom through the New Kingdom a time span of over 1 000 years The book is arranged thematically with chapters devoted to the literary use of dreams to the political use of divine visions to the technology used to ward away terrorizing nightmares It also explores the Ramesside Dream Book a unique text that reveals the desires and anxieties that could inspire an Egyptian's dreams with images of sex and power of gods and the dead All the relevant passages are conveniently translated in an appendix **African Dream Machines** Anitra Nettleton, 2007-10-01 African Dream Machines takes African headrests out of the category of functional objects and into the more rarefied category of art objects Styles in African headrests are usually defined in terms of western art and archaeological discourses but this book interrogates these definitions of style and demonstrates the shortcomings of defining a single formal style model as exclusive to a single ethnic group Among the artefacts made by southern African peoples headrests were the best known Anitra Nettleton's study of the uses and forms of headrests opened up a number of art historical methodologies in the attempt to gain an understanding of form style and content in African art objects Her drawings of each and every headrest encountered become a major part of the project *Oceania* Metropolitan Museum of Art (New York, N.Y.), Eric Kjellgren, 2007 Includes detailed chapters devoted to each of the five major cultural regions of the Pacific Australia Melanesia Micronesia Polynesia and the islands of Southeast Asia *Visions of Africa* University of California, Los Angeles. Fowler Museum of Cultural History, 1994 *Beads of life* Marie-Louise Labelle, 2005-01-01 Beads of Life is a fascinating exploration of traditional beadwork from eastern and southern Africa as well as the socio religious principles upon which many aesthetic choices were based The author concludes with an examination of contemporary beadwork as seen in particular through the eyes of Canadians from these regions Published in English *African Arts*, 2004 **Heritage and History in Africa** Ignatius Song Womei, 2024-11-14 There has been a long standing belief and misconception that relevant history is shelved and can only be retrieved from written documentation This conviction systematically diminished in importance with the emergence and approach of Africanist scholarship in the 1960s which increasingly exposed the pitfalls of religiously relying on paper inscribed or engraved historical sources This twist away from recorded history gave premium to a craving for the exploration and exploitation of material and immaterial heritage sources to understand and communicate connections between heritage and history in Africa This compendium of interlacing themes on Cameroon threads the multiple but complex ways by which vestiges natural and man made and social memory merges into configuration of perspectives on historical representation of people environment and society in Africa Designed in seven grand themes with a conceptual lead on heritage and presented in sixteen chapters this book generally

provides reliable non documented sources that help construct the African indigenous knowledge as experienced by themselves from their heritage This volume is highly recommended for use by scholars students practitioners promoters and lovers of heritage values
