Family Violence From a Global Perspective Sylvia M. Asay, John DeFrain, Marcee Metzger, Bob Moyer, 2013-06-17 Focusing on family violence worldwide, *Family Violence From a Global Perspective: A Strengths Based Approach* draws on the expertise of authors from 16 countries representing 17 cultures to tell the story of domestic violence in their respective parts of the world. This one-of-a-kind edited collection by Sylvia M. Asay, John DeFrain, Marcee Metzger, and Bob Moyer incorporates a strengths-based approach including individual, relationship, community, and societal strengths. The collection draws on multiple perspectives: academics, counselors, organizers, activists, and victims to determine strengths and analyze how they can translate into greater safety for victims, increased accountability of perpetrators, and improved policy formation and research. Each chapter focuses on the lived experiences of victims of intimate partner violence, child abuse, or elder abuse and includes information about the abuser, the family, the community, and the culture.

**Global Perspectives on Victimization Analysis and Prevention** Ayodele, Johnson Oluwale, 2019-11-29 Over the past two decades, both developed and developing countries have experienced major individual and collective tragic victimizations leading to major structural and systemic transformations as a consequence of the influence of organized crime and international terrorism. These trends, many of which, as noted earlier, are global in spread and have catastrophic outcomes, revolve around some categories of political diplomacy and unsatisfactory reform responses to spiraling discontent among motivated youths. *Global Perspectives on Victimization Analysis and Prevention* is an essential research book that provides comprehensive research on postmodern crime prevention and control strategies as well as potential transformations that could be seen in victimology. It offers resources to understand and analyze the main issues, relevant framework, and contextual intricacies within which public safety agendas are articulated and implemented across the globe. Highlighting a wide range of topics such as public safety, crime prevention, and terrorism, this book is essential for criminologists, law enforcement, victim advocates, criminal profilers, crime analysts, academicians, policymakers, researchers, security planners, NGOs, government officials, and students.

**The Greenwood Encyclopedia of Global Medieval Life and Culture** Joyce E. Salisbury, Nancy Sullivan, 2008-12-30 The period we know as the Middle Ages, roughly the years 400-1400, saw the formation of ideas and institutions that mark modern societies. Developments as disparate as the foundation of Islam and the emergence of the middle class occurred during this pivotal millennium. Although historical study of the Middle Ages has traditionally focused on Western Europe, modern historians recognize the complex global nature of this era. For all major world regions, this three-volume work offers in-depth essays on broad themes, short entries on specific topics, and carefully selected primary documents to help readers more fully understand this critically important period. Edited by Joyce Salisbury, who is general editor of the award-winning *Greenwood Encyclopedia of Daily Life*, and written by Professor Salisbury and a series of prominent historians with regional

"Women, Workers, and Race in LIFE Magazine" Dolores Flamiano, 2017-07-05 The tension between social reform photography and photojournalism is examined through this study of the life and work of German girl Gräfin Mieth 1909-1998 who made an unlikely journey from migrant farm worker to LIFE photographer She was the second woman in that role after Margaret Bourke White Unlike her colleagues Mieth was a working class reformer with a deep disdain for LIFE's conservatism and commercialism In fact her work often subverted LIFE's typical representations of women workers and minorities Some of her most compelling photo essays used skillful visual storytelling to offer fresh views on controversial topics birth control vivisection labor unions and Japanese American internment during the Second World War Her dual role as reformer and photojournalist made her a desirable commodity at LIFE in the late 1930s and early 40s but this role became untenable in Cold War America when her career was cut short Today Mieth's life and photographs stand as compelling reminders of the vital yet overlooked role of immigrant women in twentieth century photojournalism Women Workers and Race in LIFE Magazine draws upon a rich array of primary sources including Mieth's unpublished memoir oral histories and labor archives The book seeks to unravel and understand the multi-layered often contested stories of the photographer's life and work It will be of interest to scholars of photography history women's studies visual culture and media history

Gender, Ageing and Extended Working Life Wendy Loretto, Clary Krekula, Sarah Vickerstaff, Debra Street, Aine Ni Leime, 2019-01-23 Nations that are raising retirement ages appear to work on

the assumption that there is appropriate employment available for people who are expected to retire later Gender ageing and extended working life challenges both this narrative and the gender neutral way the expectation for extending working lives is presented in most policy making circles The international contributors to this book part of the Ageing in a Global Context series apply life course approaches to understanding evolving definitions of work and retirement They consider the range of transitions from paid work to retirement that are potentially different for women and men in different family circumstances and occupational locations and offer solutions governments should consider to enable them to evaluate existing policies Based on evidence from Australia Germany Ireland Portugal Sweden the United Kingdom and the United States this is essential reading for researchers and students and for policymakers who formulate and implement employment and pensions policy at national and international levels
