

Short Poems about **Being Used**

By Maya Anthony

Puppet Strings

Tangled in puppet strings, I dance,
To another's tune, in a trance.
Manipulated, turned, and swayed,
In this performance, my role played.

Strings that pull, control, bind,
In their grip, my will confined.
A marionette in a show not mine,
In their hands, I resign.

Cutting strings, a hope to find,
In freedom's quest, my peace of mind.
A puppet no more, in strength I sing,
In my heart, no more strings.

Hartman,2020-10-26 This book traces the development of hypermetric verse in Old English and compares it to the cognate traditions of Old Norse and Old Saxon The study illustrates the inherent flexibility of the hypermetric line and shows how poets were able to manipulate this flexibility in different contexts for different practical and rhetorical purposes This mode of analysis is therefore able to show what degree of control the poets had over the traditional alliterative line what effects they were able to produce with various stylistic choices and how attention to poetic style can aid in literary analysis **HCI International 2024 Posters** Constantine Stephanidis,Margherita Antona,Stavroula Ntoa,Gavriel Salvendy,2024-05-31 The seven volume set CCIS 2114 2120 contains the extended abstracts of the posters presented during the 26th International Conference on Human Computer Interaction HCII 2024 held in Washington DC USA during June 29 July 4 2024 The total of 1271 papers and 309 posters included in the HCII 2024 proceedings were carefully reviewed and selected from 5108 submissions The posters presented in these seven volumes are organized in the following topical sections Part I HCI Design Theories Methods Tools and Case Studies User Experience Evaluation Methods and Case Studies Emotions in HCI Human Robot Interaction Part II Inclusive Designs and Applications Aging and Technology Part III eXtended Reality and the Metaverse Interacting with Cultural Heritage Art and Creativity Part IV HCI in Learning and Education HCI in Games Part V HCI in Business and Marketing HCI in Mobility and Automated Driving HCI in Psychotherapy and Mental Health Part VI Interacting with the Web Social Media and Digital Services Interaction in the Museum HCI in Healthcare Part VII AI Algorithms and Tools in HCI Interacting with Large Language Models and Generative AI Interacting in Intelligent Environments HCI in Complex Industrial Environments The English Dialect Dictionary Joseph Wright,1902 **Gotham Hound** Grant Stockbridge,2005-11-01 An unseen weapon that drives men mad A green gas which turns smiling faces into leering skulls A master criminal who can assume at will any known identity Add to these separate menaces three big game hunters sworn to destroy the Spider and you have a situation in which the brilliance and courage of Dick Wentworth will thrill you as never before *Encyclopedia of Literary Translation Into English: A-L* O.
