art collector Douglas Cooper For ten years the two entertained a circle of friends that included Jean Cocteau W H Auden Tennessee Williams and most intriguingly Pablo Picasso Compulsively readable and beautifully illustrated this book is both a triple portrait of the author Cooper and Picasso and a revealing look at a crucial artistic period Huxford's Old Book Value Guide Bob Huxford, Sharon Huxford, 1995-03 Nearly 25 000 titles with current values fill this hardbound book Much more than just a typical price guide the book is a directory with scores of actual buyers listed by the subject matter they are searching for as well as dealers offering the books at listed prices It will put you in touch with a person interested in buying or selling the books you have piled on your bookshelves Pricing Lives Ariel Colonomos, 2023-07-31 This book discusses how human lives are equated with the material and argues that pricing lives lies at the core of the political in fact as in Plato or Hobbes and in the Weberian ethics of responsibility measurement is considered to be one of its central features Ariel Colonomos argues that this measure relies primarily on human lives and interests and that the material equivalence to lives is twofold The equivalence is a double equation as we pay for lives and we pay with lives This double equation constitutes the measurement upon which the political equilibrium of a society depends and is thus a key constitutive part of the political The book adopts two approaches both with an interdisciplinary perspective one explanatory and the other normative First it explains the nexus between existential goods and material goods drawing on a detailed analysis of several case studies from contemporary politics both domestic and international Second it discusses normatively the material valuation of human lives and the human value of material goods Value attribution and the question of the material equivalent to lives are of relevance not only for political theory and philosophy but also for sociology history international relations and legal studies *Materia Magica* Andrew Wilburn, 2012 Approaches ancient magical practice through archaeology and social history
