delving into specific types of emotions which underscore social interactions at both the community and individual levels such as dignity im politeness self regard and self esteem Finally Part IV offers a further development on the preceding parts as it discusses problems of translation expressibility and mass medial communication of emotions This book will engage translation scholars as well as those with a broader interest in the study and interpretation of emotions from different fields perspectives and disciplines

A Tournament of Misfits Aldo Palazzeschi,2005-12-15 Aldo Palazzeschi 1885 1974 is arguably the major twentieth century Italian writer who has been most neglected by the English speaking world Born in Florence and trained as an actor Palazzeschi ranks high as a poet and fiction writer in his homeland His work which attempts to recreate the experience of a spectator watching and listening to a character on stage won him the praise of F T Marinetti the founder of Italian futurism who enrolled the young poet in his avant garde coterie despite the fact that stylistically Palazzeschi s work had little in common with futurism A Tournament of Misfits brings together a selection of Palazzeschi s short fiction for the first time in English Through clear and fluid translations Nicolas J Perella demonstrates Palazzeschi s use of laughter to debunk social and literary myths As a social being Palazzeschi felt himself a deviant but he was saved from a self destructive bitterness by his capacity for irony which he often directed at himself as well as at others Yet it would be a mistake not to see the desperate yearning for liberation from society s rigid code behind the irony and the fun in Palazzeschi s work With this translation Perella brings Palazzeschi to life for a new audience to appreciate

Thinking Italian Animals D. Amberson,E. Past,2014-09-18 This bracing volume collects work on Italian writers and filmmakers that engage with nonhuman animal subjectivity These contributions address 3 major strands of philosophical thought perceived borders between man and animals historical and fictional crises and human entanglement with the nonhuman and material world

Tennessee Williams and Europe John S. Bak,2014-09-01 Tennessee Williams and Europe Intercultural Encounters Transatlantic Exchanges documents the bi directional exchange of ideas and images between Williams and post war Europe that have altered the artistic landscapes of both continents Fifteen Williams scholars from around the world examine this artistic symbiosis and explore avenues of research mostly uncharted in Williams scholarship to date including our understanding of the early Williams and the uses he made of various European sources in his theatre the late Williams and the promise European theatre afforded him with his experimental plays and the

posthumous Williams and his influence on late twentieth and early twenty first century European theatre and cinema To some extent both a product of and a muse for Europe over the last half century Williams is well positioned to become America s most famous playwright on the international stage This book hopes to mark the beginnings of Williams rich critical tradition within that global context **Tuscany Beyond Tuscany** Giulio Giovannoni,2017 **PHILOLOGY, CONCEPTS OF EUROPEAN LITERATURE** Andreas Sofroniou,2013-07-17 Proibito! Roberto Curti,2023-09-15 From its birth in 1913 to its abolition in 2021 film censorship marked the history of Italian cinema and its evolution mirrored the social political and cultural travail of the country During the Fascist regime and in the postwar period censorship was a powerful political tool in the hands of the ruling party many films were banned or severely cut By the end of the 1960s censors had to cope with the changing morals and the widespread diffusion of sexuality in popular culture which led to the boom of hardcore pornography With the crisis of the national industry and the growing influence of television censorship gradually changed its focus and targets The book analyzes Italian film censorship from its early days to the present discussing the most controversial cases and protagonists These include such notorious works as Last Tango in Paris and Salò or the 120 Days of Sodom and groundbreaking filmmakers such as Luchino Visconti Federico Fellini and Pier Paolo Pasolini who pushed the limits of what was acceptable on screen causing scandal and public debate *Historical Dictionary of Italian Cinema* Gino Moliterno,2020-12-08 Italian cinema is now regarded as one of the great cinemas of the world Historically however its fortunes have varied Following a brief moment of glory in the early silent era Italian cinema appeared to descend almost into irrelevance in the early 1920s A strong revival of the industry which gathered pace during the 1930s was abruptly truncated by the advent of World War II The end of the war however initiated a renewal as films such as Roma città aperta Rome Open City Sciusci Shoeshine 1946 and Ladri di biciclette Bicycle Thieves 1948 flagbearers of what soon came to be known as Neorealism attracted unprecedented international acclaim and a reputation that only continued to grow in the following years as Italian films were feted worldwide Ironically they were celebrated nowhere more than in the United States where Italian films consistently garnered the lion s share of the Oscars with Lina Wertmüller becoming the first woman to ever be nominated for the Best Director award This second edition of Historical Dictionary of Italian Cinema contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on major movements directors actors actresses film genres producers industry organizations and key films This book is an excellent resource for students researchers and anyone wanting to know more about Italian Cinema Social Sciences and Philology Andreas Sofroniou,2015-07 This tome consists of three books which deal with Social Sciences Philology and their various branches pertaining to the study of human society and social relationships The disciplines encompassed are anthropology demography economics geography political science psychology sociology philology epistemology and philosophy In the case of philology the book includes the literary contributions of the main European countries from the ancient times through to

the current geographical and political divisions The countries included in the write up are Portugal Spain France Britain Germany Italy and Greece Also included in this write up are the subjects of history education and law as these disciplines are regarded by many as social sciences **Re-viewing Fascism** Jacqueline Reich,Piero Garofalo,2002-05-07 When Benito Mussolini proclaimed that Cinema is the strongest weapon he was telling only half the story In reality very few feature films during the Fascist period can be labeled as propaganda Re viewing Fascism considers the many films that failed as weapons in creating cultural consensus and instead came to reflect the complexities and contradictions of Fascist culture The volume also examines the connection between cinema of the Fascist period and neorealism ties that many scholars previously had denied in an attempt to view Fascism as an unfortunate deviation in Italian history The postwar directors Luchino Visconti Roberto Rossellini and Vittorio de Sica all had important roots in the Fascist era as did the Venice Film Festival While government censorship loomed over Italian filmmaking it did not prevent frank depictions of sexuality and representations of men and women that challenged official gender policies Re viewing Fascism brings together scholars from different cultural and disciplinary backgrounds as it offers an engaging and innovative look into Italian cinema Fascist culture and society
