Soul Obsession Kalista Neith,2025-09-30 Anneliese Widman,2009-05-01 Twenty years ago the topic of Satan emerged for Anneliese Widman PhD while she was searching for a doctoral thesis subject The following words appeared on a piece of paper as though she were writing them automatically the demonic aspect in the human personality The concept underlying those words was manna from heaven she realized that she was in touch with a monumental topic She became aware that our insufficient egos stem not only from our parents words and behavior but also from the demonic intention that underlies the parents feelings toward their offspring She began to understand the ways that voices could destroy the self limiting normal functioning and she devised a method to help identify these voices and help a patient extricate him or herself from the power of their irrational impact on the psyche In *Unleashing Satan s Grip* through two patients case histories she shows how they deal with struggles similar to yet different from those we all face The purpose of this book is to show the reader how to return to the Source devoid of the evil ones and to bring ways to master these forces and to remember the origin we all share our Source the vital force of our true self and to ally with it as our friend and guide It is available to all who seek it Finding the true Self is a mammoth undertaking the process can take many years to accomplish As Dr Widman writes The task is a noble one but we are all noble and godlike at our basic core Is not the purpose of being on this planet to bring that core into the light out of the unlit labyrinth to completion our connection to our Godself This book will demonstrate how to approach such completion The Theology of Christian Perfection Antonio Royo Marin,2012-05-16 The best manual of spiritual theology which has appeared to date the most ordered and complete a true summa of spirituality This is a work of extraordinary informative value and yet possessing a notable doctrinal solidaiy This encomium of M M Philippon laudatory as it is does less than justice to this modern classic now at last appearing in English in a smooth readable translation and adaptation by Fr Aumann For in reality this is three books in one volume First of all this is a textbook a manual whose lucid and orderly presentation of the basic principles of the spiritual life of the supernatural organism and of its progressive development recommends it unreservedly for seminarians and other serious students of spiritual theology As Garrigou Lagrange points out the author s order has permitted him to treat all the important questions relative to perfection and to show clearly the basic unity of the Christian life Thorough and solid as it is however firmly based on the chief masters of the spiritual life St Thomas St John of the Cross and St Teresa of Avila this truly theological synthesis is set forth in clear and accessible form as its widespread popularity in Spain four editions in six years attests But *The Theology of Christian Perfection* is perhaps even more valuable as a work of spiritual formation It is an eminently practical manual of sound advice counsel and direction with respect to the increasingly fruitful use of the means negative and positive for advancing in perfection As such it will be immediately valuable for spiritual directors an indispensable aid for self formation and a work of precious merit for all souls desirous of spiritual advancement **Soul Songs** Astra B. Liz Greene,2023-07-12 Disturbed psychological states have baffled both religion and medicine for as long as human beings have existed Despite the explorations of modern psychology we are no closer to understanding these expressions of human suffering than we were a thousand years ago Although it can offer no solutions astrology can provide many insights into why some individuals respond to conflict and unhappiness by retreating from life and why do others respond with savagery toward their fellows This is a reprint of the CPA Press original The three seminars in this book use astrological perspectives to explore a spectrum of extreme psychological states from the condition known as psychopathy to the collective mechanism of scapegoating as much a pathology as any diagnosed mental illness Astrologers often avoid confronting the issues of madness and human destructiveness and political correctness has made it even more difficult to face such issues honestly and without sentiment or hypocrisy But only by exploring the roots of what we call madness can we find any positive and creative approach to the mystery of why some individuals fail to cope constructively with life s challenges This book will sometimes shock and disturb but it is an invaluable resource for any practicing astrologer concerned with the dilemma of human suffering and any lay person wishing to understand how astrology can contribute to our comprehension of human behaviour **Exit from Soul-Abuse** Graig Burns,2012-06-28 Sometimes cults misuse their theological doctrine as an excuse to harm people in the best interests of their Eternal Soul or their Future Life I differentiate between tangible knowable soul and spiritual transcendent definitions of soul *101 Helpful Illusions* Shaykh Fadhlalla Haeri,2010-02-25 101

Helpful Illusions highlights natural veils waiting to be transcended by disciplined courage wisdom and insight Everything in creation has a purpose relevant to a specific situation that could lead the seeker of higher knowledge towards the ultimate spiritual truth of oneness Thus our egotistic vices can indeed be stepping stones towards acting selflessly spontaneously and cheerfully with heightened awareness and good expectations in all situations Indeed all our mistakes can lead us towards the desired spiritual awakening the ultimate purpose in life experiencing and knowing the universal oneness **Balancing the**

A Tormented Soul Virgil Furfaro,2010-05 Drawing upon his extraordinary life growing up in Italy studying the classics at St Louis University in Naples and becoming ordained as a Vocationist priest Fr Virgil Furfaro shares his innermost thoughts and emotions in this stirring collection of poetry A Tormented Soul Furfaro is a true renaissance man a consummate doer thinker and dreamer as described by one of his parishioners and with his poetry proposes a return to the classical ideals ones that will lead the sterile modern age back to the great values and legends of the past With his nostalgic look toward the ancient world Furfaro proposes that yesterday s poetry become today s reality Of his poetry Furfaro writes that it is born from combining the fertile moments of my mind with a psychological physical and spiritual anguish that has characterized and tormented me for most of my life This statement is personified within such poems as A Cross to See which explores not only this holiest of Christian symbols but Furfaro s own tribulations and Disenchantment a haunting verse that reveals the deceptiveness of nature At once powerful in scope yet elegant in its simplicity A Tormented Soul reaches to the very essence of our souls plucks the strings of our hearts and sets us upon the path to enlightenment
