Wollmann, 2019-03-28 The Integrated Astrological Guide continues with this second volume This particular text deals with the encoding of information both astrologically and generally that interferes with and colors our critical thinking skills and ability for accurate foresight Although myths are used to convey concepts the running theme in all works is that neither astrology nor myths cause anything and that each person's reality is the result of free will effort and choices at every given moment They do however reflect engrained archetypal belief structures passed down over millennia Those belief structures do affect reality Logical rules will be increased in this volume and fallacious thinking illuminated not only in traditional astrological principles but in widely accepted social attitudes
