Talking Cure Poems:

Talking Cure Lisa Zeidner, 1982 **The Talking Cure** Jack Coulehan, 2020-07 In *The Talking Cure* physician poet Jack Coulehan provides new poems plus a selection of work from six other books. His work explores the mysterious tension between tenderness and steadiness in medical practice plumbing into life's essential minutiae: the observed moment, the healing gesture, the internal response. These poems look beyond the difficulties of physical existence to see the worth and holiness of the individual. With directness, passion, and even humor, they evoke an ethic of compassionate solidarity between patient and doctor, person and family, the individual and the community. Jack Coulehan's *The Talking Cure* takes us on a wild, wonderful, and wide-ranging journey, sweeping us along on a current of poems accomplished, fierce, gentle, intelligent, and above all, compassionate. Coulehan writes about the joys of medicine, of family, of love and faith, while not ignoring the frustrations of caring deeply for others; how sometimes even the most compassionate must struggle to squeeze a portion of the heart, allowing a few drops of compassion to escape. *Lift Up Your Heart*: The author writes most often in the voice of a physician but also in the voice of patients, revealing their terrors and ravages, fears often shared by the narrator as he deftly balances the clinical and the humane in poetry that is rich with images, deeply personal and often simply beautiful. Cortney Davis, author of *Taking Care of Time*, www.cortneydavis.com. In *The Talking Cure*, distinguished physician and poet Jack Coulehan gathers thirty years of his work at the intersection of storytelling and healing. Here we encounter us all: a six hundred pound man propped up in side-by-side hospital beds; a wife of a doctor turned by illness into patient herself; a man in the clinic of a local Starbucks becomes a woman; the absent fathers and distant mothers, each afflicted with the same need to be heard and to be seen in the miserable beauty of our shared human condition. We hear their heartbeats in this skilled poet's iambs and see their swollen legs in the full shapes of stanzas. Like Chekhov and Whitman, kindred spirits, he evokes in his every line. Coulehan asks: How can I open up, give voice, turn these words into flesh? His answer is this: unflinching, humane, and always attentively listening. Poetry, Rafael Campo, author of *Comfort Measures Only*: Here in your hands is the best glimpse available into our world of medicine: its joys and sorrows, its discoveries and its mysteries. Here are poems that will stay with you: poems of courage, poems of value to you. Dr. Coulehan gives us the best words in the best order. You can't do better than that. Michael A. LaCombe, MD, MACP, FRCP, London LHD, hon. Poetry Editor, *Annals of Internal Medicine*. Jack Coulehan, the author of this remarkable collection, once wrote that physicians need both steadiness and tenderness to practice their trade. I would add, as do poets. Each poem in *The Talking Cure* brings a disarmingly honest and steadfast gaze to the joys and sorrows of the human condition, filtered through profound observations about doctors and patients, people and places. Simultaneously, each piece is suffused with a fierce compassion that acknowledges human vulnerability and finitude while celebrating our resilience and indomitable spirit. These poems will inspire and uplift you, even as they break your heart. Johanna Shapiro, PhD, Director, Program in Medical Humanities Arts, UCI School of Medicine **Writing the Talking Cure** Jeffrey

Poetry and the Sense of Panic ,2021-09-20 For all the disciplined artifice of Elizabeth Bishop and John Ashbery the essays in this collection show that panic plays a crucial role in their work giving substance to Bishop s claim that an element of mortal panic and fear underlines all art Panic emerges as a condition of creative anxiety and the self imposed demands of originality in response to the poetic traditions Bishop and Ashbery inherited These concerns are explored in essays addressed to Bishop and Ashbery s engagement with European Surrealism as an alternative to the dominant poetics of Modernism and its aftermath in the middle years of the twentieth

century Other essays debate the philosophical religious and political orientation of their work in relation to Romantic orthodoxies and Postmodern ironies in terms of cultural history ideology and poetic practice This collection provides original commentaries on the work of two poets widely regarded as amongst the most significant American poets of the second half of the twentieth century with essays by notable scholars from the United States and Britain known for their special interests in modern poetry including Joanne Feit Diehl Mark Ford Edward Larissy Peter Nicholls Peter Robinson Thomas Travisano Cheryl Walker and Geoff Ward

Talking the Walk & Walking the Talk Marc Shell, 2015-09-01 This book argues that we should regard walking and talking in a single rhythmic vision In doing so it contributes to the theory of prosody our understanding of respiration and looking and in sum to the particular links across the board between the human characteristics of bipedal walking and meaningful talk The author first introduces the philosophical neurological anthropological and aesthetic aspects of the subject in historical perspective then focuses on rhetoric and introduces a tension between the small and large issues of rhythm He thereupon turns his attention to the roles of breathing in poetry as a life and death matter with attention to beats and walking poems This opens onto technical concepts from the classical traditions of rhetoric and philology Turning to the relationship between prosody and motion he considers both animals and human beings as both ostensibly able bodied creatures and presumptively disabled ones Finally he looks at dancing and writing as aspects of walking and talking with special attention to motion in Arabic and Chinese calligraphy The final chapters of the book provide a series of interrelated representative case studies

experience domains through associative linkages it refers to a subject by mentioning another for rhetorical effect Indeed the prominence of metaphor in Jungian therapy is a characteristic that differentiates it from other forms of treatment That s because metaphor as we will see in this book is deeply rooted in the body in two ways It is used to organize bodily sensations cognitively and is located on the border between mind and brain C G Jung uses a metaphor when he observes in *Memories Dreams Reflections* As far as we can discern the sole purpose of existence is to kindle a light in the darkness of mere being

T.S. Eliot's Civilized Savage Laurie MacDiarmid, 2003-04-25 T S Eliot's Civilized Savage revisits this poet's drafts and canonical poetry in a sometimes dismissive critical arena While contemporary readers emphasize Eliot's charged personal life his anti-Semitism his political conservatism and his misogyny Laurie MacDiarmid argues that although Eliot's poetics are shaped by private fears and fantasies in many ways these are the ghosts of a culture that accepts and celebrates him Comparing early versions with finished poems this book explores the development and ramifications of Eliot's impersonal poetic without losing sight of his influential haunting work Examining Eliot's neurotic relationship with women and his escape into women and his escape into spirituality this book observes how Eliot conceived and eroticized poetry of worship and a poetic that dictated a sacrificial relationship to a savage God
