grubby glamour of New York in the awful wonderful Seventies In the autumn of 1972 a very young and green James Wolcott arrived in New York from Maryland full of literary dreams equipped with a letter of introduction from Norman Mailer and having no idea what was about to hit him Landing at a time of accelerating municipal squalor and paradoxically gathering cultural energy in all spheres as Downtown became a category of art and life unto itself he embarked upon his sentimental education seventies New York style This portrait of a critic as a young man is also a rollicking acutely observant portrait of a legendary time and place Mixing grit and glitter in just the right proportions suffused with affection for the talented and sometimes half crazed denizens of the scene it will make readers long for a time when you really could get mugged around here
