Taming The Paper Tiger Organizing The Pa:

Taming the Paper Tiger at Work Barbara Hemphill, 1998 Most people have an area they'd like to get more organized. At work it could be a desk buried in phone messages, memos and work in process, overstuffed file cabinets or indecipherable computer files. At home maybe it's a dining room table laden with bills and receipts, a pile of articles waiting to be read or photographs that need labeling. No matter what the situation, Barbara Hemphill has the practical solution to help control these Paper Tigers. For twenty years, Hemphill, America's leading professional organizer, has shown people how to create sensible, workable paper management systems. In these two books, she presents her F A T system, File Act Toss, which helps readers determine what needs keeping. Then she shows how to develop easy access filing systems for those items. And because the paperless office never arrived, Hemphill also thoroughly covers organization for the computer and details how best to use it and paper systems together. Her practical tips turn even the most cluttered spaces into places where To Do lists actually get done.

Taming the Paper Tiger Barbara Hemphill, 1997 America's leading organizational consultant uses common sense and humor to illustrate how to tackle piles of records, correspondence, bills, receipts, family photos, magazines and other papers that clutter our lives.

Kick the Clutter Ellen Phillips, 2008-08-19 Shares hundreds of strategies, fast fixes and trouble shooting tips for organizing living spaces and controlling clutter in a guide that counsels readers on how to identify objects that are truly loved and needed while preventing vulnerable areas from becoming problems. Organize This! Practical Tips, Green Ideas, and Ruminations About Your CRAP Vali G. Heist, 2012-04-24 Vali G. Heist began organizing at the age of five while cleaning up her room with her older sister. She started her professional organizing business after years of being asked to organize the homes of her family and friends. Organize This! Practical Tips, Green Ideas and Ruminations about your CRAP began as a collection of the organizing columns she wrote for a local newspaper. CRAP is Vali's acronym that means Clutter that Robs Anyone of Pleasure. The book includes numerous tips on how to organize, green ways to recycle unwanted CRAP, success stories from clients and further ruminations about CRAP. Vali helps her readers explore why they have so much CRAP in their homes, why they don't throw it out and why they don't want to deal with it. She helps the reader answer those questions and provides practical, easy tips to organize their homes and help them live the life they really want. In addition, her book is chock full of organizing resources, is fun to read and makes a great gift for the organized person as well as the organizationally challenged. Vali's insight helps readers learn the difference between belongings and CRAP and empowers them to discover that less is more. Her book also proposes how to live a more green life and help save the planet in the process. Her passion is to find simple, easy to implement ways to organize life at home and at work and pass them on to her readers.
