populated urban centers drawing on the voices of the people and little known communities who harvest process and trade them Blending history travel writing and interviews Posnett sets these human stories against our changing economic and ecological landscape What do they tell us about capitalism global market forces and overharvesting How do local microeconomies survive in a hyperconnected world Is it possible for us to live together with different species Strange Harvests makes us see the world with wonder curiosity and new concern **Novels by G.P.R. Schirmer,2019-05-15 The first book of its kind Out of What Began traces the development of a distinctive tradition of Irish poetry over the course of three centuries Beginning with Jonathan Swift in the early eighteenth century and concluding with such contemporary poets as Seamus Heaney and Eavan Boland Gregory A Schirmer looks at the work of nearly a hundred poets Considering the evolving political and social environments in which they lived and wrote Schirmer shows how Irish poetry and culture have come to be shaped by the struggle to define Irish identity Schirmer includes a large number of accomplished poets who have been unjustly neglected in standard accounts of Irish literature many of these writers are women whose work has been kept in the shadows cast by that of well known male poets He also emphasizes the importance of political poetry in a country that continues to be torn by sectarian violence With its rich selection of poetic voices Out of What Began reveals the political social and religious diversity of Irish culture **Aeschylus: Suppliants** Alan H. The Braided Dream Randolph Paul Runyon,2021-12-14 Robert Penn Warren s reputation as a poet though always considerable has soared in the last decade as indicated by his recent selection as America s first poet laureate The Braided Dream is one of the first book length studies of the poetry that has led to Warren s recent rise to eminence and the first to consider his final collection Altitudes and Extensions In a communicable jargon free style that will appeal to the nonacademic reader as well as the serious scholar Randolph Paul Runyon provides a detailed and illuminating guide to a body of poetry that despite its greatness has until now seemed resistant to full understanding Every poem of Warren s last four sequences Now and Then Being Here Rumor Verified and Altitudes and Extensions is given a close reading with a precise laying out of words phrases and recurring images that not only enrich the texture of the poetry but are themselves the texture Runyon demonstrates the relevance of Freud s concept of the dream work of the unconscious to a reading of this tightly interwoven poetry He shows how Warren s poems assume additional meanings by the poet s very arrangement of them deepening his thesis by arguing that poems eat poems as each reuses and reconceptualizes the imagery of its predecessor frequently with ironic or parodic effect Getting Life Michael Morton,2015-07-28 On August 13 1986 Michael Morton went to work at his usual time By the end of the day his wife Christine had been savagely bludgeoned to death in the couple s bed and the Williamson County Sheriff s office in Texas wasted no time in pinning her murder on him Michael was swiftly sentenced to life in prison for a crime he had not committed It would take twenty five years and thousands of hours of effort on the part of Michael s lawyers including the team at the New York based Innocence Project before DNA evidence was brought to light that would ultimately set Michael free
