## Tantra Magic:

**Tantra, Magic, and Vernacular Religions in Monsoon Asia** Andrea Acri, Paolo E. Rosati, 2022-11-03 This book explores the cross and trans cultural dialectic between Tantra and intersecting magical and shamanic practices associated with vernacular religions across Monsoon Asia With a chronological frame going from the mediaeval Indic period up to the present a wide geographical framework and through the dialogue between various disciplines it presents a coherent enquiry shedding light on practices and practitioners that have been frequently alienated in the elitist discourse of mainstream Indic religions and equally overlooked by modern scholarship The book addresses three desiderata in the field of Tantric Studies it fills a gap in the historical modelling of Tantra it extends the geographical parameters of Tantra to the vast yet culturally interlinked socio geographical construct of Monsoon Asia it explores Tantra as an interface between the Sanskritic elite and the folk the vernacular the magical and the shamanic thereby revisiting the intellectual and historically fallacious divide between cosmopolitan Sanskritic and vernacular local The book offers a highly innovative contribution to the field of Tantric Studies and more generally South and Southeast Asian religions by breaking traditional disciplinary boundaries Its variety of disciplinary approaches makes it attractive to both the textual diachronic and ethnographic synchronic dimensions It will be of interest to specialist and non specialist academic readers including scholars and students of South Asian religions mainly Hinduism and Buddhism Tantric traditions and Southeast Asian religions as well as Asian and global folk religion shamanism and magic

*Black Magic, Witchcraft and Occultism* Sajal Nag, 2023-06-09 Black magic occult practices and witchcraft still evoke huge curiosity interest and amazement in the minds of people Although witchcraft in Europe has been a widely studied phenomenon black magic and occult are not yet a popular theme of academic research even though India is known as a land of magic tantra and occult The Indian State of Assam was historically feared as the land of Kamrup Kamakhya black magic witchcraft and occultic practices It was where different Tantric cults as well as other occult practices thrived The Khasi Hills are known for the practice of snake vampire worship The village of Mayong is the village where magic and occult is still practiced as a living tradition This book is one of the rarest collections where such practices are researched recorded and academically analyzed It is one of those collections where studies of all three practices of Black Magic Witchcraft and Occult are combined into one single book

*Tibetan Magic* Cameron Bailey, Aleksandra Wenta, 2024-03-07 This book focuses on the theme of magic in Tibetan contexts encompassing both pre modern and modern text cultures as well as contemporary practices It offers a new understanding of the identity and role of magical specialists in both historical and contemporary contexts Combining the theoretical approaches of anthropology ethnography religious and textual studies the book aims to shed light on experiences practices and practitioners that have been frequently marginalized by the normative mainstream monastic Buddhist traditions and Western Buddhist scholarship which focuses primarily on meditation and philosophy The book explores the intersection between magic folk practices and Tantra a complex socio religious phenomenon associated not

only with the religious and political elites who sponsored it but also with marginal ethnic groups and social milieus as well as with lay communities at large who resorted to ritual agents to fulfil their worldly needs      **Ecstasy Through Tantra** Jonn Mumford, 2025-08-05 Achieve Cosmic Consciousness through Sexual Ecstasy This hardcover edition of an influential classic provides sexual techniques and positions for ritual intercourse that will flood you with physical ecstasy and activate expanded states of consciousness These Tantric practices not only teach you how to build sexual love and passion to an amazing peak but also how to push your mind even higher to reach transcendental bliss With more than forty years of experience Dr Jonn Mumford helps you bring holiness and magick into your sexual relationship This book skillfully interweaves theory and practice so you can understand why you are doing each exercise as you learn potent techniques Discover the God Goddess as incarnate in your beloved and experience the same divinity within yourself through physical and spiritual union Learn how to engage in the Asanas of Love and use a powerful technique known as the Rite of Naked Fire Featuring a new introduction and a wealth of illustrations and photographs this book reveals the secrets of erotic mysticism      **Magic and Witchery in the Modern West** Shai Feraro, Ethan Doyle White, 2019-06-26 This book marks twenty years since the publication of Professor Ronald Hutton's *The Triumph of the Moon* a major contribution to the historical study of Wicca Building on and celebrating Hutton's pioneering work the chapters in this volume explore a range of modern magical occult and Pagan groups active in Western nations Each contributor is a specialist in the study of modern Paganism and occultism although differ in their embrace of historical anthropological and psychological perspectives Chapters examine not only the history of Wicca the largest and best known form of modern Paganism but also modern Pagan environmentalist and anti nuclear activism the Pagan interpretation of fairy folklore and the contemporary Traditional Witchcraft phenomenon      **Sex Magic, Tantra & Tarot** Christopher S. Hyatt, Lon Milo DuQuette, 2015-12-12 With this book the student of Western Tantra may attain the knowledge and inner truth that has been hidden from us since conception Within this new expanded edition you will find a wealth of practical and passionate Tantric techniques utilising the Archetypal images of the Tarot Nothing is held back Every method is explicit and clearly described      *Fictional Practice: Magic, Narration, and the Power of Imagination* , 2021-09-27 To what extent were practitioners of magic inspired by fictional accounts of their art In how far did the daunting narratives surrounding legendary magicians such as Theophilus of Adana Cyprianus of Antioch Johann Georg Faust or Agrippa of Nettesheim rely on real world events or practices Fourteen original case studies present material from late antiquity to the twenty first century and explore these questions in a systematic manner By coining the notion of fictional practice the editors discuss the emergence of novel imaginative types of magic from the nineteenth century onwards when fiction and practice came to be more and more intertwined or even fully amalgamated This is the first comparative study that systematically relates fiction and practice in the history of magic      **Buddhist Magic** Sam van Schaik, 2020-07-28 A fascinating exploration of the role that magic has played in the history of Buddhism As far back as we can see in the historical record

Buddhist monks and nuns have offered services including healing divination rain making aggressive magic and love magic to local clients Studying this history scholar Sam van Schaik concludes that magic and healing have played a key role in Buddhism's flourishing yet they have rarely been studied in academic circles or by Western practitioners The exclusion of magical practices and powers from most discussions of Buddhism in the modern era can be seen as part of the appropriation of Buddhism by Westerners as well as an effect of modernization movements within Asian Buddhism However if we are to understand the way Buddhism has worked in the past the way it still works now in many societies and the way it can work in the future we need to examine these overlooked aspects of Buddhist practice In *Buddhist Magic* van Schaik takes a book of spells and rituals one of the earliest that has survived from the Silk Road site of Dunhuang as the key reference point for discussing Buddhist magic in Tibet and beyond After situating Buddhist magic within a cross cultural history of world magic he discusses sources of magic in Buddhist scripture early Buddhist rituals of protection medicine and the spread of Buddhism and magic users Including material from across the vast array of Buddhist traditions van Schaik offers readers a fascinating nuanced view of a topic that has too long been ignored

**Magia Sexualis** Hugh B. Urban, 2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet

**Tantra Magic** Ajit Mookerjee, Mulk Raj Anand, 1978

**War Magic** Douglas Farrer, 2016-09-01 This compelling volume explores how war magic and warrior religion unleash the power of the gods demons ghosts and the dead Documenting war magic and warrior religion as they are performed in diverse cultures and across historical time periods this volume foregrounds embodiment practice and performance in anthropological approaches to magic sorcery shamanism and religion The authors go beyond what magic represents to consider what magic does From Chinese exorcists Javanese spirit siblings and black magic in Sumatra to Tamil Tiger suicide bombers Chamorro spiritual re enchantment tantric Buddhist war magic and Yanomami dark shamans religion and magic are re evaluated not just from the practitioner's perspective but

through the victim's lived experience These original investigations reveal a nuanced approach to understanding social action innovation and the revitalization of tradition in colonial and post colonial societies undergoing rapid social transformation

**The Power of Tantra** Hugh B. Urban, 2009-10-30 In the West the varied body of texts and traditions known as Tantra for more than two centuries has had the capacity to scandalize and shock For European colonizers Orientalist scholars and Christian missionaries of the Victorian era Tantra was generally seen as the most degenerate and depraved example of the worst tendencies of the so called Indian mind a pathological mixture of sensuality and religion that prompted the decline of modern Hinduism Yet for most contemporary New Age and popular writers Tantra is celebrated as a much needed affirmation of physical pleasure and sex indeed as a cult of ecstasy to counter the perceived hypocritical prudery of many Westerners In recent years Tantra has become the focus of a still larger cultural and political debate In the eyes of many Hindus much of the western literature on Tantra represents a form of neo colonialism which continues to portray India as an exotic erotic hyper sexualized Orient Which then is the real Tantra Focusing on one of the oldest and most important Tantric traditions based in Assam northeast India Hugh B Urban shows that Tantra is less about optimal sexual pleasure than about harnessing the divine power of the goddess that flows alike through the cosmos the human body and political society In a fresh and vital contribution to the field the author suggests that the real meaning of Tantra lies in helping us rethink not just the history of Indian religions but also our own modern obsessions with power sex and the invidious legacies of cultural imperialism

**Tantra Magic** Ajit Mookerjee, 1976 India and the Occult G. Djurdjevic, 2014-05-21 India and the Occult explores the reception of Indian spirituality among Western occultists through case studies Rather than focusing on the activities of Theosophical Society India and the Occult looks at the hard core occultism in particular the British 20th century currents associated with Aleister Crowley Dion Fortune Kenneth Grant etc

*Hidden Intercourse* Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries

Tantric Temples Peter Levenda,2011-11-01 Tantra is one of the most misunderstood of the esoteric disciplines In order to get a clear idea as to the nature of Tantric ritual and belief it is necessary to go where Tantra is still practiced and from where important Tantric teachings originated a thousand years ago the island of Java in present day Indonesia This book illustrates the history of Tantrism in Java with more than a hundred photographs of temples statues and iconography dedicated to the system some rarely seen before including the recently excavated white temple of Yogyakarta and accounts of contemporary practices in the shrines cemeteries and secret schools of Java It is this Tantra the Tantra of Java that has influenced secret societies mystics alchemists Kabbalists and magicians for hundreds if not thousands of years This book tells the story of how human sexuality became a metaphor and a template for both spiritual transformation and the manipulation of reality of how various sexual acts and psycho biological states became the basis for a comprehensive cosmology that incorporates every aspect of human experience Sometimes the secrets are buried where you least expect to find them Sometimes they are hidden in plain sight Sometimes they are both In the largest Muslim country in the world we will discover a path of Tantra so unique yet so vibrant and alive that we will be astonished that no one had heard of it until now

Living Folk Magic Mary-Grace Fahrur,2025-11-03 Folk magic is more than casting a spell or creating a ritual It is a way of life a way of living a way of perceiving the world and all within it Living Folk Magic explores how to build an entire folk magic practice to understand the practices of folk magic so that they can be applied wherever they are needed Every culture has its folk magic the magical practices that are shared by cultures communities locations and different groups of people Until recently its sheer ubiquity caused it to be among the least respected schools of magic often relegated to the ranks of superstition or low magic Folk magic was something Grandma did something for the old folks something for modern young people to laugh about However in the twenty first century there has been a resurgence in the popularity of folk magic a practice now treated with respect and approached with fascination No longer something done in secret there are now bestselling books and social media groups dedicated to the love of folk magic Among the architects of this celebration and appreciation of folk magic is author Mary Grace Fahrur whose book Italian Folk Magic Weiser Books 2018 has been a major contributing factor to this phenomenon More and more people want to practice folk magic but unlike in the old days they may not have elders to access for information They are learning from books social media TikTok and YouTube videos But folk magic is more than casting a spell or creating a ritual It is a way of life a way of living a way of perceiving the world and all

within it. Although the details of folk magic practices vary by culture and community, there are shared commonalities. In her new book *Living Folk Magic*, Fahrun explores how to build an entire folk magic practice to understand the practices of folk magic so that they can be applied wherever they are needed. Mary Grace offers an exploration of the primary functions of folk magic: cleansing, protecting, blessing, cursing, as well as instructions on how to build altars, whether openly or secretly, practicing divination, communicating with spirits, and more. Her book is titled *Living Folk Magic* to emphasize that folk magic is not a dead thing of the past but something alive, vital, and modern. Her goal is to help readers actually live folk magic so that it is a fulfilling and successful practice.
