Tarot and the Path of Initiation Henry Ho,2013-11-18 This book came into being from the authors exasperation at the ignorance of many users of the Thoth tarot deck They prefer to go by their intuition rather than study Crowley's companion book to the deck The Book of Thoth Its too dense they cry Im not interested in these philosophies I just want to read Tarot The above sentence is the greatest insult to Aleister Crowley the creator of the Thoth deck For the decks purpose was to convey the higher mysteries to the diviner Crowley intended for the deck never to be sold separately from the Book of Thoth And so heart full of elitist snobbery and sense of obligation to Crowley the author of this

book set out to spoon feed this dense material to the masses without watering down its contents In the spirit of Crowley who sought to enlighten the world the author has added his own contribution to Crowleys legacy out of duty It was due to Crowleys belief in freedom of information during an era of politics and secrecy that the author was able to get his own hands on the gem of all spiritual writing the Book of Thoth
