Taos Adobes Spanish Colonial And Territorial Architecture Of The Taos Valley:

Taos Adobes Bainbridge Bunting, 1964 The picturesque old adobe houses so characteristic of New Mexico are rapidly disappearing even though they are a unique historic heritage For the first time a detailed architectural study of a series of these old structures is available in book form This volume contains ground plans drawings of numerous details and photographs of twelve buildings near Taos The accompanying text describes the merging of Spanish Colonial and Spanish architectural traditions in New Mexico and it places each house recorded in the volume in its proper position in New Mexico history Anyone who is interested in Southwestern history and in the architecture of the area or anyone who plans to build an adobe house will find this volume an interesting and indispensable reference *The Mexican Frontier, 1821-1846* David J. Weber, 1982-06 Reinterprets borderlands history from the Mexican perspective **Architecture and Town Planning in Colonial North America** James D. Kornwolf, Georgiana Wallis Kornwolf, 2002 Incorporating more than 3 000 illustrations Kornwolf's work conveys the full range of the colonial encounter with the continent's geography from the high forms of architecture through formal landscape design and town planning From these pages emerge the fine arts of environmental design an understanding of the political and economic events that helped to determine settlement in North America an appreciation of the various architectural and landscape forms that the settlers created and an awareness of the diversity of the continent's geography and its peoples Considering the humblest buildings along with the mansions of the wealthy and powerful public buildings forts and churches Kornwolf captures the true dynamism and diversity of colonial communities their rivalries and frictions their outlooks and attitudes as they extended their hold on the land **Ageless Adobe** Jerome Iowa, 2012-09-15 The American Southwest possesses an extraordinary depth of cultural heritage and much of its history is preserved in its architecture Particularly prominent in the region's man made landscape are the historic structures made from the earth itself adobe Attention has turned to ways of preserving and maintaining the old buildings of the Southwest partly because of the growing national interest in historic preservation However in the Southwest there has also been an increased awareness of the inherent viability of native architecture Adobe structures present unique challenges and require special treatment and until now much of that information has been unpublished AGELESS ADOBE provides practical details on methods of preservation and maintenance for old adobe buildings The over 200 illustrations in the book along with directions on how to will enable the do it yourself home owner as well as the professional architect or contractor to plan and carry out renovation The author presents solutions to the problems of keeping an historic structure intact while repairing it and making it 20th century livable The issue of energy conservation is discussed at length and the premise of the book is that historic integrity does not have to be sacrificed for energy efficiency Rehabilitation is always preferable usually possible and often more profitable than demolition **The Architecture of Bart Prince** Christopher Curtis Mead, 1999 The only book on the exuberant work of a uniquely original American architect Bart Prince whose breathtaking buildings stand from Ohio to

Hawaii is recognized internationally for embodying the American tradition of individualism personified by Louis Sullivan Frank Lloyd Wright and Bruce Goff

Historic Churches of New Mexico Today Frank Graziano, 2019-04-01 This interpretive guide combines history and ethnography to represent living traditions at the adobe and stone churches of New Mexico Each chapter treats a particular church or group of churches and includes photographs practical information for visitors and context pertinent to current understanding Frank Graziano provides unprecedented coverage of the churches by combining his extensive fieldwork with research in archives and previous scholarship The book is written in an engaging narrative prose that brings the reader inside of congregations in Indian and Hispanic villages The focus is less on church buildings than on people in relation to churches parishioners caretakers priests restorers and on the author's experiences researching among them

Colonial New Mexican Families Suzanne M. Stamatov, 2018-06 The setting Civil authorities civil law and family The sacrament of marriage Sexuality and courtship Marriage Domestic life and discord Conclusion

A Field Guide to American Houses Virginia Savage McAlester, 2015-07-29 The fully expanded updated and freshly designed second edition of the most comprehensive and widely acclaimed guide to domestic architecture in print since its original publication in 1984 and acknowledged everywhere as the unmatched essential guide to American houses This revised edition includes a section on neighborhoods expanded and completely new categories of house styles with photos and descriptions of each an appendix on Approaches to Construction in the 20th and 21st Centuries an expanded bibliography and 600 new photographs and line drawings

The Spanish Redemption Charles Montgomery, 2002-03-20 Charles Montgomery's compelling narrative traces the history of the upper Rio Grande's modern Spanish heritage showing how Anglos and Hispanos sought to redefine the region's social character by glorifying its Spanish colonial past This readable book demonstrates that northern New Mexico's twentieth century Spanish heritage owes as much to the coming of the Santa Fe Railroad in 1880 as to the first Spanish colonial campaign of 1598 As the railroad brought capital and migrants into the region Anglos posed an unprecedented challenge to Hispano wealth and political power Yet unlike their counterparts in California and Texas the Anglo newcomers could not wholly displace their Spanish speaking rivals Nor could they segregate themselves or the upper Rio Grande from the image well known throughout the Southwest of the disreputable Mexican Instead prominent Anglos and Hispanos found common cause in transcending the region's Mexican character Turning to colonial symbols of the conquistador the Franciscan missionary and the humble Spanish settler they recast northern New Mexico and its people

Paradise Valley, Nevada Howard W. Marshall, 1995 Stonemasons from the Alpine valleys of northwestern Italy shaped the architectural face of Paradise Valley in northern Nevada in the 1860s and 1870s Drawing on their own distinctive skills they constructed the constellation of granite and sandstone buildings that are the region's most visible landmarks Marshall's analysis of this architectural legacy illustrated with 229 photographs and 70 line drawings is not only a valuable resource for scholars in vernacular architecture

folklore and cultural geography but also a verbal and visual treat for all who love the American West *Recognizing Heritage* Thomas H. Guthrie, 2021-11-08 In 2006 Congress established the Northern Rio Grande National Heritage Area to recognize the four hundred year coexistence of Spanish and Indian peoples in New Mexico and their place in the United States National heritage areas enable local communities to partner with the federal government to promote historic preservation cultural conservation and economic development *Recognizing Heritage* explores the social political and historical context of this and other public efforts to interpret and preserve Native American and Hispanic heritage in northern New Mexico The federal government's recognition of New Mexico's cultural distinctiveness contrasts sharply with its earlier efforts to wipe out Indian and Hispanic cultures Yet even celebrations of cultural difference can reinforce colonial hierarchies Multiculturalism and colonialism have overlapped in New Mexico since the nineteenth century when Anglo American colonists began promoting the region's unique cultures and exotic images to tourists Thomas H Guthrie analyzes the relationship between heritage preservation and ongoing struggles over land water and identity resulting from American colonization He uses four sites within the heritage area to illustrate the unintentional colonial effects of multiculturalism a history and anthropology museum an Indian art market a tricultural commemorative plaza and a mountain village famous for its adobe architecture *Recognizing Heritage* critiques the politics of recognition and suggests steps toward a more just multiculturalism that fundamentally challenges colonial inequalities Vernacular and Earthen Architecture: Conservation and Sustainability Camilla Mileto, Fernando Vegas López-Manzanares, Lidia García-Soriano, Valentina Cristini, 2017-09-01 Vernacular architecture in general and earthen architecture in particular with their rich variety of forms worldwide are custodians of the material culture and identity of the peoples who built them In addition they are widely recognized as ancestral examples of sustainability in all their variants and interpretations and the architecture of the present ought to learn from these when designing the sustainable architecture of the future The conservation of these architectures seemingly simple yet full of wisdom is to be undertaken now given their intrinsic value and their status as genuine examples of sustainability to be learnt from and interpreted in contemporary architecture Vernacular and earthen architecture Conservation and Sustainability will be a valuable source of information for academics and professionals in the fields of Environmental Science Civil Engineering Construction and Building Engineering and Architecture *El Cerrito, New Mexico* Richard Lee Nostrand, 2003 Nostrand identifies the challenges facing eight generations of families Utilizing primary sources from government census and church records as well as from burials homestead documents and interviews with sixty Cerritenos Nostrand details village life from its founding in 1824 to the opening years of the twenty first century The author weaves historical evidence with physical data from soil analyses topology and geology to explain how the land itself shaped life in El Cerrito BOOK JACKET **Cultural Resources Overview** Joseph A. Facing Southwest Chris Wilson, 2001 Facing Southwest is a colourful exploration of the life and work of Santa Fe architect John Gaw Meem. Regarded as the leading southwest architect of his time, John Gaw Meem brought the Santa Fe style to its peak in the 1920s and 1930s. With original drawings, floor plans, and stunning colour photographs, this book explores Meem's signature design elements and numerous examples of his unique Spanish and Pueblo-influenced residences. It includes 176 colour and 100 black and white illustrations. *Publications of the American Folklife Center*, 1977

The Hispano Homeland Richard L. Nostrand, 1996-09-01 Richard L. Nostrand interprets the Hispanos' experience in geographical terms. He demonstrates that their unique intermixture with Pueblo Indians, nomad Indians, Anglos, and Mexican Americans, combined with isolation in their particular natural and cultural environments, have given them a unique sense of place, a sense of homeland. Several processes shaped and reshaped the Hispano Homeland. Initial colonization left the Hispanos relatively isolated from cultural changes in the rest of New Spain, and gradual intermarriage with Pueblo and nomad Indians gave them new cultural features. As their numbers increased in the eighteenth century, they began to expand their Stronghold outward from the original colonies.

Ethnic Landscapes of America John A. Cross, 2017-06-19 This volume provides a comprehensive catalog of how various ethnic groups in the United States of America have differently shaped their cultural landscape. Author John Cross links an overview of the spatial distributions of many of the ethnic populations of the United States with highly detailed discussions of specific local cultural landscapes associated with various ethnic groups. This book provides coverage of several ethnic groups that were omitted from previous literature, including Italian Americans, Chinese Americans, Japanese Americans, and Arab Americans, plus several smaller European ethnic populations. The book is organized to provide an overview of each of the substantive ethnic landscapes in the United States. Between its introduction and conclusion, which looks towards the future, the chapters on the various ethnic landscapes are arranged roughly in chronological order such that the timing of the earliest significant surviving landscape contribution determines the order the groups will be viewed. Within each chapter, the contemporary and historical spatial distribution of the ethnic groups are described, the historical geography of the group's settlement is reviewed, and the salient aspects of material culture that characterize or distinguish the group's ethnic landscape are discussed. *Ethnic Landscapes of America* is designed for use in the classroom as a textbook or as a reader in a North American regional course or a cultural geography course. This volume also can function as a detailed summary reference that should be of interest to geographers, historians, ethnic scholars, other social scientists, and the educated public who wish to understand the visible elements of material culture that various ethnic populations have created on the landscape.
