**Tapas** Anne Wilson,1999-07-01 [A Spanish Feast](#) Daniel Humphreys,2017-08-23 In Europe due to seasonal employment dinner tends to be eaten after work anytime from 9 pm to midnight That s a lot of workers working through many hungry hours between lunch and the final meal of the day To alleviate hunger tapas prepared and enjoyed Tapas are small plates of appetizers that can be served hot or cold and in between regular meals In Spain there are thousands of tapas bars throughout the country where locals and tourists come together to enjoy many of these small plates Tapas bars are gathering places to enjoy lively conversation creating an opportunity to socialize before and after work and anytime in between These dishes range from nuts and olives Patatas Bravas Manchego cheese and Gambas al Ajilo These dishes are almost always accompanied by alcohol There theories regarding the tradition and how it came about Legends indicate to the 13th Century and the Wise King of Spain King Alfonso 10th became seriously ill His illness limited his ability to consume food and wine in small amounts Upon his recovery it is said that he issued a decree that mandated inns to serve wine only when accompanied by food A variation of this tale is that the decree was actually created to prevent misconduct and drunkenness by making a purchase of wine instead of food illegal to peasant class Although some historians claim that
