Tapestry Of Caring Education As Nurturance:

The Tapestry of Caring A. Renee Prillaman, Doris M. Kendrick, 1994 Intending to ground the theories of caring in education this book expands the current discourse on caring The work of those who have examined the ethic of caring has provided a rich and useful discussion of the topic from people who no doubt are caring and are committed to caring in practice However the representation of real life expressions of caring within educational contexts has been missing from the literature This book fills this void by providing a collection of current expressions of educators and researchers experiences as they seek to manifest caring Resources in Education ,1997 Parent-School Collaboration Mary E. Henry, Mary E. Gardiner, 1996-02-01 Examines in close detail public schools relationships with their parents and communities

Improbable Scholars David L. Kirp, 2013-03-12 In *Improbable Scholars* David L Kirp challenges the conventional wisdom about public schools and education reform in America through an in depth look at Union City New Jersey s high performing urban school district In this compelling study Kirp reveals Union s city s revolutionary secret running an exemplary school system doesn t demand heroics just hard and steady work The RoutledgeFalmer Reader in the Philosophy of Education Wilfred Carr, 2021-04-29 This Reader brings together a wide range of material to present an international perspective on topical issues in philosophy of education today Focusing on the enduring trends in this field this lively and informative Reader provides broad coverage of the field and includes crucial topics With an emphasis on contemporary pieces that deal with issues relevant to the immediate real world this book represents the research and views of some of the most respected authors in the field today Wilfred Carr also provides a specially written introduction which provides a much needed context to the role of philosophy in the current educational climate Students of philosophy and philosophy of education will find this Reader an important route map to further reading and understanding The Nature of Relationships Between Students, Parents, & Classroom Teacher, and Their Impact on Students' Learning Kulwinder Kaur Dhaliwal, 1999 Caring in an Unjust World Deborah Eaker-Rich, Jane Van Galen, Jane A. Van Galen, 1996-01-01 Looks at the ways in which social structures and relationships within schools define enable or constrain an ethic of caring especially for historically marginalized groups of students **The Praeger Handbook of Urban Education** Philip M. Anderson, Kecia Hayes, Joe Kincheloe, Karel Rose, 2006-03-30 Maintaining that urban teaching and learning is characterized by many contradictions this work proposes that there is a wide range of social cultural psychological and pedagogical knowledge urban educators must possess in order to engage in effective and transformative practice It is necessary for those teaching in urban schools to be scholar practitioners rather than bureaucrats who can only follow rather than analyze understand and create Ten major sections cover the myriad issues of urban education as it exists today **The Passion of Teaching** Robert Lee Smith, James Hurst, Denise Skarbek, 2005 Here the authors offer a deeper understanding of the various concepts and relevance of dispositions to teaching and other professions that serve in school settings This book provides a broad basis for

conceptualizing the what and how of dispositions Features Historical and definitional perspectives of dispositions as traits and beliefs Pragmatic application Contemporary views of dispositions in teaching and teacher education An overview of the various methods that have been utilized to incorporate dispositions and dispositional concepts in educational curricula Strategies for identifying features of effective professionals Discussions on issues in the selection and retention of candidates in professional preparation programs and critical dispositions A valuable reference given the current emphasis on dispositions as expected components in many state and professional organization standards it also presents the legal and political implications and religious traditions of dispositions in teacher education programs a model for the classification of research related to dispositions Will be of interest to teacher educators administrators teachers and others in school related professions

Teachers' Work in a Globalizing Economy Alistair Dow, Robert Hattam, Alan Reid, Geoffrey Shacklock, John Smyth, 2005-08-02 Extended critical case studies provide a tangible working expression of the labour process of teaching showing how teachers are simultaneously experiencing significant changes to their work as well as responding in ways that actively shape these processes For teachers and researchers this book shows what processes are at work in the global economy which impact on and sometimes control the role of the teacher It also reveals how teachers accommodate resist or redefine their working circumstances and explores methods researchers might employ in order to increase our understanding and knowledge of the effect of globalization on teaching

Teaching Outside the Box Mai Abdul Rahman, 2018-10-01 In its totality this book explores subjects that are rarely available in primary literature publications and brings diverging fields together that are generally addressed separately in specialty journals The book argues that past school failures are instructive The author identifies the structural and emotional triggers that make it difficult for educators to overcome the social constructs that control the progress of Black students reproduce inequities subvert the socio economic progress of the nation and threaten the legitimacy of the U S public school system One failure is informative successive school failures are chock full of must avoid school policies and instructional practices The book analyzes the lessons learned from a list of school imposed policies that have molded and determined the academic progress of Black students The author argues that much can be discerned from that which undermined the performance of schoolteachers and public school systems The quantifiable outcomes of past school practices can better inform educators and future teachers and school leaders The book carefully analyzes the organic evolution of educators social constructs that regenerated inequities to reveal the road map for rebuilding genuinely inclusive and equitable public school systems that serve the interests of students and society The book also provides in depth analysis of various disciplines that identify the best methodologies to improve the teaching and learning of Black students homeless students and all other students The book aims to offer a unique perspective by carefully unfolding the built in school structures that obstruct the abilities of school administrators and teachers to bridge the student achievement gaps and meet the objectives of consecutive school reform

initiatives The author's distinctive approach stimulates the thinking of the entire field of education and challenges accepted propositions commonly assumed about African American students In short this book offers a perspective that is rarely shared or understood by educators and practitioners in the field of education **Multidisciplinary Coordinated Caregiving**
