**Learners in Transition** Yoke Sim Fong, 2018-10-26 As the number of Chinese students learning English increases worldwide the need for teachers to understand the characteristics and challenges facing this group of learners grows This is particularly true for those students moving from an English as a Foreign Language context to an English as a Second Language International Language one where they experience academic linguistic and sociocultural transitions Drawing on over 20 years experience teaching English courses to Chinese learners the author aims to highlight key findings to aid understanding improve teachers practice

and offer pedagogical recommendations Using students voices the book covers how the traditional Chinese culture of learning plays a role how new learning contexts provide opportunities and empowerment how learners beliefs and strategies are interconnected how their motivation and identity underscore the power of real and imagined communities and finally that affect matters showing how learners are propelled by the trajectory of their emotions The book cites from the rich data collected over a five year period to authenticate the findings and recommendations but also to give voice to this group of learners to challenge the stereotype of the passive Chinese learner The essential insights contained within are useful for pre and in service teachers of English and researchers interested in language education around the world The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

**The Three Minute Thesis in the Classroom** Heather Boldt, 2023-04-27

The Three Minute Thesis 3MT competition is an annual academic speaking competition that challenges graduate students to present their thesis and its significance to a non specialist audience in just three minutes In The Three Minute Thesis in the Classroom author Heather Boldt focuses on how the 3MT can be used in an ESL or EAP classroom to improve students speaking skills particularly about research This Brief Instructional Guide uses data from the author's corpus of 3MT transcripts to reveal the six moves typical of this type of presentation and then provides instructors with a variety of classroom applications in the areas of vocabulary pronunciation describing research to non specialists and effective slide design
