Fleer, 1994-01-01 North Carolina has been a leader in the South and the nation since 1775 when it became First in Freedom by calling for its independence from British rule Throughout its history the state has had a reputation as a progressive force This book offers both an assessment and an examination of the realities of the state s leadership Analyzing a wide range of political actors and organizations which includes the state legislature the governor and executive branch the judiciary political parties interest groups and the media Fleer illuminates North Carolina s rich political history its evolving constitutional order and its changing political culture Although revealing a pattern of elitist paternalism in the state s political history the book illustrates a parallel pattern of popular participation and control Major forces of change are increasingly defining the state These transitional factors include a significant biracial electorate a stratified society a diverse electorate increasingly varied and mobilized political interest groups a competitive political party system and a more

representative political leadership New challenges to the state's future development are its aging population the preparedness of its work force the globalization of its economy the protection of its natural resources and the education of its children for the next century Each new political debate policy choice and election reminds North Carolinians of their fundamental challenge establishing a government by enlightened and effective popular consent Jack D Fler is a professor of political science at Wake Forest University and the author of *North Carolina Politics An Introduction* *Redistricting and Gerrymandering in North Carolina* J. Michael Bitzer, 2021-09-14 This book gives a historical and contemporary overview of the redistricting process using North Carolina for the different political electoral and legal issues and debates over the practice of drawing legislative district boundaries Redistricting has been characterized as the most political activity in America and North Carolina has often been at the heart of recent controversies over this particular activity In fact the Tar Heel state was once described as long notorious for its outrageous reapportionment Through legislative construction to significant legal challenges the Tar Heel state has been a noted case study for the past thirty years From the contentious issues of redistricting principles to the matters of gerrymandering based on race and politics North Carolina's past three decades have seen major U S Supreme Court cases deal with redistricting controversies By exploring this state's dealings with gerrymandering and redistricting readers will have a better sense of the dynamics facing the nation as it confronts the 2020 Census and the subsequent redistricting efforts in 2021 *The New Politics of North Carolina* Christopher A. Cooper, H. Gibbs Knotts, 2012-09-01 Political scientist V O Key in 1949 described North Carolina as a progressive plutocracy He argued that in the areas of industrial development public education and race relations North Carolina appeared progressive when compared to other southern states Reconsidering Key's evaluation nearly sixty years later contributors to this volume find North Carolina losing ground as a progressive leader in the South The new politics of the state involves a combination of new and old new opportunities and challenges have forced the state to change but the old culture still remains a powerful force In the eleven essays collected here leading scholars of North Carolina politics offer a systematic analysis of North Carolina's politics and policy placed in the context of its own history as well as the politics and policies of other states Topics discussed include the evolution of politics and political institutions the roles of governors the judicial branch interest groups and party systems and the part played by economic development and environmental policy Contributors also address how geography affects politics within the state region and nation Designed with students and interested citizens in mind this collection provides an excellent introduction to contemporary North Carolina politics and government Contributors Hunter Bacot Elon University Christopher A Cooper Western Carolina University Thomas F Eamon East Carolina University Jack D Fler Wake Forest University Dennis O Grady Appalachian State University Ferrel Guillory University of North Carolina at Chapel Hill Sean Hildebrand Western Carolina University Jonathan Kanipe Town Manager Catawba North Carolina H Gibbs Knotts Western Carolina University Adam J Newmark Appalachian State University Charles
