examines profound transformations in the governance of unemployment in Canada While policy makers previously approached unemployment as a social and economic problem to be addressed through macroeconomic policies recent labour market policy reforms have placed much more emphasis on the supposedly deficient employability of the unemployed themselves a troubling shift that deserves close critical attention Tracing a behind the scenes history of public employment services in Canada *Bureaucratic Manoeuvres* shows just how difficult it has been for administrators and frontline staff to govern unemployment as a problem of individual employability Drawing on untapped government records it sheds much needed light on internal bureaucratic struggles over the direction of labour market policy in Canada and makes a key contribution to Canadian political science economics public administration and sociology *The Refugee Surge in Europe*

Mr.Shekhar Aiyar,Ms.Bergljot B Barkbu,Nicoletta Batini,Mr.Helge Berger,Ms.Enrica Detragiache,Allan Dizioli,Mr.Christian H Ebeke,Ms.Huidan Huidan Lin,Ms.Linda Kaltani,Mr.Sebastian Sosa,Mr.Antonio Spilimbergo,Petia Topalova,2016-01-19

Against the background of political turmoil in the Middle East Europe faces an unprecedented surge in asylum applications In analyzing the economic impact of this inflow this paper draws from the experience of previous economic migrants and

refugees mindful of the fact that the characteristics of economic migrants can be different from refugees In the short run additional public expenditure will provide a small positive impact on GDP concentrated in the main destination countries of Germany Sweden and Austria Over the longer term depending on the speed and success of the integration of refugees in the labor market the increase in the labor force can have a more lasting impact on growth and the public finances Here good policies will make an important difference These include lowering barriers to labor markets for refugees for example through wage subsidies to employers and in particular reducing legal barriers to labor market participation during asylum process removing obstacles to entrepreneurship self employment providing job training and job search assistance as well as language skills While native workers often have legitimate concerns about the impact of immigrants on wages and employment past experience indicates that any adverse effects are limited and temporary      *Special Report* United States. President's Committee on Employment of People with Disabilities. Meeting, United States. President's Committee on Employment of People with Disabilities, 1989      *Labor Exchange Policy in the United States* David E. Balducchi, Randall W. Eberts, Christopher J. O'Leary, 2004 Annotation The proper matching of workers with job openings is essential for a well functioning market economy In recent years more than 10 percent of the U S workforce search for jobs at any one time The federal and state governments have long recognized the importance of assisting in the job search process In 1933 the Wagner Peyser Act was established to provide federal funding to states to operate a nationwide network of public employment offices Since enactment labor exchange e g job finding and placement services under the Wagner Peyser Act have been available universally to employers and job seekers without charges or conditions Today this network includes more than 1 800 local offices of State Employment Security Agencies that are affiliated with the U S Employment Service ES The Workforce Investment Act WIA of 1998 amended the Wagner Peyser Act to be part of the one stop delivery system which provides universal access to core i e labor exchange services and Title I adult and dislocated worker programs The one stop centers provide services to both job seekers and employers For the job seeker services include assessment counseling and testing job search workshops and job placement For employers services include job order taking recruitment screening and referral of job seekers
