Faith in Jesus and Paul Maureen W. Yeung,2002 For the hundred years since W Wrede Paulus 1904 made the provocative claim that Paul should rightly be regarded as the second founder of Christianity scholars have debated vigorously on the relationship between Jesus and Paul Past studies on the Jesus Paul debate have largely been confined to either the literary or the theological level This study looks at the issue afresh by combining the historical and the theological approaches The discussion focuses on the issue of faith paying special attention to two groups of Jesus sayings Faith that can remove mountains and Your Faith has healed saved you and Paul s use of Gen 15 6 and Hab 2 4 The distinctive methodology of this study is to compare Jesus and Paul against the backdrops of the Jewish biblical tradition and Hellenistic parallels The picture of the Jesus Paul relationship that emerges is a most complex one To a great extent the similarity between Jesus and Paul is due to their common Jewish heritage The early Church plays a part in influencing Paul s concept of faith and Paul himself reinterprets the Jewish Scriptures in an innovative manner At the same time Paul is found to be greatly indebted to Jesus for his concept of faith The method of placing Jesus and Paul against the Jewish and Hellenistic backgrounds permits a fuller appreciation of the historical and theological continuities between Jesus and Paul than has hitherto been possible

Angels, a Messenger by Any Other Name in the Judeo-Christian and Islamic Traditions John Tracy Greene,2018-07-26 What were are angels and what was were their purpose s still agitates many readers of the many documents in which they are mentioned This topic proved to both interest and challenge the presenters at the Seminar in Biblical Characters in Seoul South Korea from which this book is derived Communication between the heavenly realms and the earth were are at the core of the human consideration of and openness to the existence of beings from the heavens who can and have visited us humans Humans have constructed a taxonomy of types of what we employ with the catch all term angels Some are identified with warfare others with healing yet others with informing Even others are associated with the role of guardian and teacher These however do not exhaust the possibilities What apparently humans volunteer is to acknowledge in their experiences is that extra or ultra beings have and continue to influence their lives and destinies The essays contained in this volume reflect some of the thoughtful responses to this abiding concern **Appealing to God or Man** Nicholas J. Campbell,2025-03-31

Appealing to God or Man Contrasting Barrenness and Family Death Narratives in the Hebrew Bible and Ancient Near East argues for a reevaluation of barrenness type scenes in the Hebrew Bible and ancient Near East More specifically the argument is for a distinction women in family death narratives appeal to men while women in barrenness narratives appeal to God Even the male centric epics of the ancient Near East show that women interact with the divine more during barrenness crises e g the wife s prophetic dream in the Etana myth than during family death crises e g male divine narratives in Kirta and Aqhat This distinction not only clarifies the narrative tropes but emphasizes the role of women in these crises and intersects with discussions of household roles in the ancient Near East Male and female roles in marriage and fertility drive the responses of characters in these idealized narrative worlds especially in family death and barrenness narratives

Scriptural Figures and the Fringes of the New Testament Canon Kelsie G. Rodenbiker,2025 The formation of the Christian biblical canon remains a contested and mysterious subject complicated by the dating of ancient texts disagreement among ancient writers and questions of the authenticity or not of various scriptural works The Catholic Epistles James 1 and

2 Peter 1 2 3 John and Jude are a significant wrench in the gears of the process that formed the New Testament collection not least because of issues like authorship and references to other Jewish and Christian scriptures This book explores the use of characters in the Catholic letters originating from the Jewish and Christian scriptural pasts who serve as both exemplary models of behaviour and authorial mouthpieces Such figures and their textual afterlives maintain links to both now canonical works and noncanonical tradition **The Oxford Handbook of Textual Criticism of the Bible** Sidnie White

Crawford, Tommy Wasserman, 2025-11-12 This handbook provides an overview of the disciplines of textual criticism of the Hebrew Bible and the New Testament as practiced in the twenty first century The first part deals with overarching issues like the formation of the Jewish and Christian canons philosophical presuppositions in the methods and goals of textual criticism the complex relationship between literary criticism and textual criticism and how the related fields of Book History New Material Philology and paratextual criticism both pose challenges and enrich traditional biblical textual criticism The second part is concerned with the textual criticism of the books of the Hebrew Bible a field which has undergone a paradigm shift in the seventy five years since the discovery of the Judean Desert scrolls The chapters concern the history of textual criticism the bodies of textual evidence and their importance for the text critical task the three critical edition projects now underway and the explosion of digital tools in the twenty first century This part also includes chapters on the Deuterocanon and Septuagint textual criticism The final part concerns the textual criticism of the New Testament and provides chapters concerned with the history of the discipline the Greek manuscripts and the indirect evidence of the text in early versions and citations as well as past and current methods for evaluating this evidence including the Coherence Based Genealogical Method CBGM which is used to produce the Editio Critica Maior and Nestle Aland UBS editions Notably this handbook features two chapters devoted to the teaching of textual criticism of the Hebrew Bible and New Testament *Jesus in Context* Darrell L. Bock, Gregory J. Herrick, 2005-09

Gathers key extra biblical writings that provide the necessary background for Gospel passages in one handy volume *Brotherhood and Inheritance* Bradford A. Anderson, 2012-06-15 This study offers a canonical reading of the Esau and Edom traditions examining the portrayal of Esau and Edom in Genesis Deuteronomy and the prophetic material First it is argued that the depiction of Esau and his descendants in Genesis and Deuteronomy is on the whole positive Second it is put forward that Edom is portrayed negatively by the prophets for violating their kin and for disrespecting the divine apportioning of the lands Finally it is suggested that these traditions have resonance with one another based on recurring literary and theological motifs heuristically framed as brotherhood and inheritance *Abraham Among Golems* Andrei A. Orlov, 2024-10-01 In this insightful book Andrei A Orlov examines the symbolism of the image of God found in early Jewish pseudepigraphical accounts paying special attention to the cultic traditions in the Apocalypse of Abraham The study demonstrates that the Jewish pseudepigrapha transform various biblical characters including Enoch Abraham Jacob Moses and Aseneth into eschatological embodiments of the imago Dei The book

argues that these cultic metamorphoses preserve memories of ancient Near Eastern and Egyptian rituals involving the vivification of cultic statues The Apocalypse of Abraham and other early Jewish pseudepigraphical accounts attempt to polemically refashion the concept of cultic statues by envisioning their protagonists as divine representations in the form of the eschatological image of God
