Simone Forti Ann Cooper Albright, 2024-03-05 Simone Forti groundbreaking improviser has spent a lifetime weaving together the movement of her mind with the movement of her body to create a unique oeuvre situated at the intersection of dancing and art practices Her seminal *Dance Constructions* from the 1960s crafted a new approach to dance composition and helped inspire the investigations of Judson Dance Theater In the

1970s Forti's explorations of animal movements expanded that legacy to launch improvisation as a valuable artform in its own right. From her early forays into vocal accompaniment to her News Animations, Forti has long integrated gesture and text into compelling performances that consistently stretched the boundaries of dance to layer abstract movement with story telling and political commentary. Her Land Portraits series brought an immersive ecological experience to New York City stages in the 1980s and she is a beloved teacher and mentor whose Body Mind World workshops have inspired dancers around the world. In this beautifully written book, author Ann Cooper Albright braids archival research, extensive interviews, and detailed movement analyses of Forti's performances to provide the first kinesthetically informed and critically nuanced history of Forti's multifaceted and extensive career. Publication of this book is funded by the Beatrice Fox Auerbach Foundation Fund at the Hartford Foundation for Public Giving. Pure-bred Dogs, American Kennel Gazette, 1973 **When a Woman Becomes a Religious Dynasty** Hildegard Diemberger, 2014-03-04. In the fifteenth century, the princess Chokyi Dronma was told by the leading spiritual masters of her time that she was the embodiment of the ancient Indian tantric deity Vajravahni known in Tibetan as Dorje Phagmo, the Thunderbolt Female. After suffering a great personal tragedy, Chokyi Dronma renounced her royal status to become a nun and in turn the tantric consort of three outstanding religious masters of her era. After her death, Chokyi Dronma's masters and disciples recognized a young girl as her reincarnation, the first in a long, powerful, and influential female lineage. Today, the twelfth Samding Dorje Phagmo leads the Samding monastery and is a high government cadre in the Tibet Autonomous Region. Hildegard Diemberger builds her book around the translation of the first biography of Chokyi Dronma recorded by her disciples in the wake of her death. The account reveals an extraordinary phenomenon, although it had been believed that women in Tibet were not allowed to obtain full ordination equivalent to monks. Chokyi Dronma not only persuaded one of the highest spiritual teachers of her era to give her full ordination but also established orders for other women practitioners and became so revered that she was officially recognized as one of two principal spiritual heirs to her main master. Diemberger offers a number of theoretical arguments about the importance of reincarnation in Tibetan society and religion, the role of biographies in establishing a lineage, the necessity for religious teachers to navigate complex networks of political and financial patronage, the cultural and social innovation linked to the revival of ancient Buddhist civilizations, and the role of women in Buddhism. Four introductory stage-setting chapters precede the biography, and four concluding chapters discuss the establishment of the reincarnation lineage and the role of the current incarnation under the peculiarly contradictory communist system.
