major Western literatures BOOK JACKET A Study Guide for Joan Aiken's "Sonata for Harp and Bicycle" Gale, Cengage Learning, A Study Guide for Joan Aiken's Sonata for Harp and Bicycle excerpted from Gale's acclaimed Short Stories for Students This concise study guide includes plot summary character analysis author biography study guestions historical context suggestions for further reading and much more For any literature project trust Short Stories for Students for all of vour research needs **Provocation and Negotiation.** Gesche Ipsen, Timothy Mathews, Dragana Obradovic, 2013 This collection of essays takes on two of the most pressing questions that face the discipline of Comparative Literature today Why compare and Where do we go from here At a difficult economic time when universities all over the world once again have to justify the social as well as academic value of their work it is crucial that we consider the function of comparison itself in reaching across disciplinary and cultural boundaries The essays written for this book are by researchers from all over the world and range in topic from the problem of translating biblical Hebrew to modern atheism from Freud to Marlene van Niekerk from the formation of one person s identity to experiences of globalisation and the relation of history to fiction Together they display the ground breaking ideas which lie at the heart of an act as deceptively simple as comparing one piece of writing to another Henry James in Contemporary Fiction Bethany Layne, 2020-03-11 This book explores the extraordinary proliferation of novels based on Henry James s life and works published between 2001 and 2016 the centenary of his death Part One concentrates on biofictions about James by David Lodge and Colm T ib n and those written from the perspective of the key female figures in his life Part Two explores appropriations of The Portrait of a Lady The Turn of the Screw and The Ambassadors The book articulates the developments in biographical and adaptive writing that enabled millennial writers to engage so explicitly with James locates the sources of his appeal and explores the different forms of engagement taken Layne analyses how these manifestations of James's legacy might function differently for knowing versus unknowing readers and how they might perform the role of literary criticism Overarching themes include ideas of queering the concern with seeking redress and the frustrated quest for origin authenticity or the real thing A Dictionary of Writers and their Works Christopher Riches, Michael Cox, 2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer's nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication An Eye for Genius Kerry Sutherland, A middle aged author declining in popularity An up and coming literary agent with an eye for genius A partnership that would forge a prodigious legacy in American literature Henry James was a middle aged author who had established himself on a transatlantic scale when he employed James Brand Pinker as his

literary agent in 1898 The changing preferences of a growing audience of readers along with James s self defeating practice of shifting from publisher to publisher rather than adhering to the trade courtesy of remaining loyal to one house were making the author's efforts to keep his work in print increasingly difficult bringing Pinker who managed the literary business of over 100 authors including Stephen Crane H G Wells Joseph Conrad and Jack London into the picture made it possible for James to maintain a presence before the reading public to an extent that would have been impossible without the agent s assistance Pinker's involvement was vital to the continuance of James's career as his later works and the New York Edition proved difficult material to place The agent's role as the mediator of conflict between the commercial writer and literary artist positions that James had difficulty reconciling had considerable influence on the shape of James s later career and thus the way in which the author is remembered James's legacy is therefore clearly tied to Pinker's efforts Using correspondence between Pinker James and the primary publishers of James s material from 1898 until Pinker s death in 1922 along with secondary works addressing the agent s endeavors during this period this volume demonstrates the link between Pinker s work and James s continued presence in print both during the author s lifetime and after his death in Irish Literature and Visual Culture Michaela Schrage-Früh, Tony Tracy, 2022-07-14 This book engages with ageing masculinities in Irish literature and visual culture including fiction drama poetry painting and documentary Exploring the shifting representations of older men from the early twentieth century to the present the contributors analyse how a broad range of literary and visual texts construct reinscribe or challenge perceptions of older age In doing so they trace a shift from depictions of authority figures often symbolising patriarchal dominance and oppression to more nuanced complex and heterogeneous explorations of older men s embodied subjectivities and vulnerabilities Exploring artists and writers such as Se n Keating J M Synge Teresa Deevy Marina Carr Seamus Heaney Paul Muldoon Derek Mahon Kate O Brien John Banville Colm T ib n Bernard MacLaverty Mike McCormack Anne Griffin and Claire Keegan the chapters in this book attend to the symbolic as well as social significance of older men in Irish cultural expression Transforming Henry James Anna De Biasio, Anna Despotopoulou, Chryssoula Lascaratou, 2014-09-26 Employing a wide range of interpretive and theoretical approaches this collection brings together distinguished James scholars from four continents to elicit new and exciting readings of a diverse array of James s fiction and non fiction Through their transformative acts the essays investigate James s life long engagement with cities places and tourist sites offer theoretically informed readings of his work s textual richness and explore his intricate involvement with social and cultural issues such as gender and sexuality economics friendship and hospitality and visual culture Arranged under rubrics which signal the complex interrelations of Henry James as a historical individual and of the works he authored with a web of social cultural aesthetic and philosophical discourses the contributions collected in this book make a convincing case for the ongoing productivity of James s oeuvre when interrogated from new critical angles and therefore for its enduring centrality to the concerns of literary and cultural studies A Short History of
