The Haunting Possibility

David Rudrum, Nicholas Stavris

The Haunting Possibility:

Haunting Biology Emma Kowal, 2023-10-13 In *Haunting Biology* Emma Kowal recounts the troubled history of Western biological studies of Indigenous Australians and asks how we now might see contemporary genomics especially that conducted by Aboriginal and Torres Strait Islander scientists Kowal illustrates how the material persistence of samples over decades and centuries folds together the fates of different scientific methodologies Blood bones hair comparative anatomy human biology physiology and anthropological genetics all haunt each other across time and space together with the many racial theories they produced and sustained The stories Kowal tells feature a variety of ghostly presences a dead anatomist a fetishized piece of hair hidden away in a war trunk and an elusive white Indigenous person By linking this history to contemporary genomics and twenty first century Indigeneity Kowal outlines the fraught complexities perils and potentials of studying Indigenous biological difference in the twenty first century The Haunting Possibility Susan Fletcher, 1988 An excellent job The plot moves smoothly with nuggets of suspense dropped in just often enough School Library Journal

Jacques Derrida's Ghost David Appelbaum, 2009-07-01 A spirited reading of Derrida's view of ethics as transcendental and performative **"Christianity, Democracy, and the Radical Ordinary"** Romand Coles, Stanley Hauerwas, 2010-02-25 These essays reflect possibilities and practices of radical democracy and radical ecclesia that take form in the textures of relational care for the radical ordinary Hauerwas and Coles point out political and theological imaginations beyond the political formations which seems to be the declination and the production of death The authors call us to a revolutionary politics of wild patience that seeks transformation through attentive practices of listening relationship building and a careful tending to places common goods and diverse possibilities for flourishing **Victorian Hauntings** Julian

Wolfreys, 2017-03-14 *Victorian Hauntings* asks its reader to consider the following questions What does it mean to read or write with ghosts or to suggest that acts of reading or writing are haunted In what ways can authors in the nineteenth century be read so as to acknowledge the various phantom effects which return within their texts In what ways do the traces of such ghost writing surface in the works of Dickens Tennyson Eliot and Hardy How does the work of spectrality revenance and the uncanny transform materially both the forms of the literary in the Victorian era and our reception of it today Beginning with an exploration of matters of haunting the uncanny the gothic and the spectral Julian Wolfreys traces the ghostly resonances at work in Victorian writing and how such persistence addresses issues of memory and responsibility which haunt the work of reading Taking the familiar genre of the Gothic as a point of departure and revisiting it through Derridean theory Wolfreys book the first application of hauntology to the domain of Victorian Studies is a remarkable achievement Wolfreys never reduces reading to instrumentality but remains alert to all the potentialities of the texts he reads with a great attention to their idiosyncrasies *Victorian Hauntings* should bring a new tone to Victorian Studies this clever book is quite perfect Jean Michel Rabate Professor of English University of Pennsylvania You d have to be dead to know more

about ghosts than Julian Wolfreys Martin McQuillan University of Leeds *The Elusive Prose Poem: Explorations and New Possibilities* Pasquale De Marco, 2025-07-18 Immerse yourself in the captivating world of prose poetry a literary genre that defies conventional boundaries This book is an invitation to explore the enigmatic realm of prose poems delving into their history forms and themes with a focus on American prose poetry With insightful analysis and engaging discussions the book illuminates the distinctive characteristics of prose poems exploring their thematic landscapes formal innovations and the challenges of translation It delves into the ways in which prose poems capture the complexities of modern life expressing emotions and ideas that defy traditional poetic forms Discover the pioneering authors who shaped the genre tracing its evolution from European roots to its vibrant presence in contemporary literature The book examines the works of Walt Whitman Sherwood Anderson Gertrude Stein Kenneth Patchen and Russell Edson among others highlighting their unique contributions to the prose poem Furthermore the book investigates the shifting critical reception of the prose poem examining its struggle for recognition within the literary canon It sheds light on the marginalized voices that have contributed to the genre s richness and diversity advocating for a more inclusive understanding of its significance Exploring the enduring legacy of the prose poem the book celebrates its lasting impact on literature and culture It examines the ways in which prose poetry has influenced other genres inspired new forms of artistic expression and sparked ongoing debates about the nature of literary art This book is an essential resource for students scholars and lovers of literature seeking to deepen their understanding of prose poetry With its comprehensive analysis and engaging insights it offers a fresh perspective on this captivating genre inviting readers to appreciate its unique beauty and enduring relevance If you like this book write a review *New Perspectives on Sartre* Adrian van den Hoven, Adrian Mirvish, 2010-05-11 This volume deals with a number of topics that have not previously been specifically addressed before in a single text A chapter on Sartre and religion talks about his thought in relation to Christianity Judaism and Buddhism while one on Sartre and children discusses his work in relation to the issues of freedom pregnancy and autism Beyond this there are an additional seven chapters covering a wide variety of topics by leading scholars in the fields of philosophy literature psychology history and political thought While prior publications on Sartre have generally divided his work into two periods pre and post Marxist this volume deliberately stresses a middle and final period as well As representative of the middle period there is an emphasis on Notebooks for an Ethics while Sartre s last work Hope Now is also treated as being philosophically significant in its own right This approach helps to cast a new light on what Sartre has to say about authenticity childhood and consciousness as embodied among other subjects The volume also addresses many and diverse issues of current interest including those of freedom Marxism and Sartre s relation to ethics There are sections of the book that deal with history and the historical situations that helped to shape Sartre s thought as well as articles that deal with Sartre as a specifically French thinker A chapter deals with Sartre s relation to women and here the issues of maternity as problematic plus authentic adult

relationships are discussed Finally in addition to authors in philosophy and literature there are articles by a child psychiatrist and a clinical psychologist to help to provide new insights on Sartre's work Even as an academic philosopher Sartre always remained an iconoclast and the aim of this book is at least partially to capture and provide the reader with insight into this spirit

Updike and the Patriarchal Dilemma Mary O'Connell, 1996 A disturbing element exists O'Connell determines in both the texts of the Rabbit novels and in the critical community that examines them In the novels O'Connell finds substantial evidence to demonstrate patterns of psychological and physical abuse toward women citing as the culminating example the mounting toll of literally or metaphorically dead women in the texts

Planet Utopia Mark Featherstone, 2017-02-17 The key figure of the capitalist utopia is the individual who is ultimately free The capitalist's ideal society is designed to protect this freedom However within Planet Utopia Utopia Dystopia Globalisation Featherstone argues that capitalist utopian vision which is most clearly expressed in theories of global finance is no longer sustainable today This book concerns the status of utopian thinking in contemporary global society and the possibility of imagining alternative ways of living outside of capitalism Using a range of sociological and philosophical theories to write the first intellectual history of the capitalist utopia in English Featherstone provokes the reader into thinking about ways of moving beyond this model of organising social life through sociological modes of thought Indeed this enlightening volume seeks to show how utopian thinking about the way people should live has been progressively captured by capitalism with the result that it is difficult to imagine alternatives to capitalist society today Presenting sociology and sociological thinking as a utopian alternative to the capitalist utopia Planet Utopia will appeal to postgraduate and postdoctoral students interested in subjects including Sociology Social Theory Cultural Studies Cultural Theory and Continental Philosophy

Late Godard and the Possibilities of Cinema Daniel Morgan, 2013 Late Godard and the Possibilities of Cinema is an exhilarating and extremely lucid analysis of the way Godard thinks in of and through cinema Drawing on his extensive knowledge of French culture politics and theory Morgan skillfully illustrates the complex relations between history aesthetics and nature in the director's later works Defying criticism of Godard's alleged retreat from politics this book provides compelling detailed and erudite analyses of his later films and illuminates the auteur's political and aesthetic response to the so-called death of cinema Mary Ann Doane author of *The Emergence of Cinematic Time Modernity Contingency the Archive* Daniel Morgan charts a sensible route into the impenetrable Jean-Luc Godard Posing clear yet insistent questions he burrows to the center of both parts of this book's formidable title finding in late Godard an aesthetic fusion that generates the light and heat of a trenchant and powerful political critique Anyone who feels drawn or licensed to write about Godard should read Morgan before setting out Dudley Andrew author of *What Cinema Is* Daniel Morgan's *Late Godard and the Possibilities of Cinema* signals a major breakthrough in the international study of the cinema of Jean-Luc Godard Reconciling the filmmaker's peculiarly Romantic sense of aesthetics to which the book pays scrupulous material attention with the thorny political histories that Godard's cinema has

always probed Morgan gives us new compelling synthetic tools with which to understand an artist who is at once the most cryptic and the most sensuous of all living filmmakers Adrian Martin Monash University co editor of lolajournal.com A *Passion for the Impossible* Mark Dooley, 2003-05-08 Distinguished philosophers theologians and cultural critics provide the first critical consideration of the work of philosopher John D Caputo Responses from Caputo are included **Supplanting the Postmodern** David Rudrum, Nicholas Stavris, 2015-09-24 For more than a decade now a steadily growing chorus of voices has announced that the postmodern literature art thought and culture of the late 20th century have come to an end At the same time as this the early years of the 21st century have seen a stream of critical formulations proclaiming a successor to postmodernism Intriguing and exciting new terms such as remodernism performatism hypermodernism automodernism renewalism altermodernism digimodernism and metamodernism have been coined proposed and debated as terms for what comes after the postmodern **Supplanting the Postmodern** is the first anthology to collect the key writings in these debates in one place The book is divided into two parts the first *The Sense of an Ending* presents a range of positions in the debate around the demise of the postmodern the second *Coming to Terms with the New* presents representative writings from the new isms mentioned above Each of the entries is prefaced by a brief introduction by the editors in which they outline its central ideas point out the similarities and or differences from other positions found in the anthology and suggest possible strengths and limitations to the insights presented in each piece **The Ghosts of the Avant-Garde(s)** James M. Harding, 2013-05-22 Pronouncements such as the avant garde is dead argues James M Harding have suggested a unified history or theory of the avant garde His book examines the diversity and plurality of avant garde gestures and expressions to suggest avant garde pluralities and how an appreciation of these pluralities enables a more dynamic and increasingly global understanding of vanguardism in the performing arts In pursuing this goal the book not only surveys a wide variety of canonical and noncanonical examples of avant garde performance but also develops a range of theoretical paradigms that defend the haunting cultural and political significance of avant garde expressions beyond what critics have presumed to be the death of the avant garde *The Ghosts of the Avant Garde s* offers a strikingly new perspective not only on key controversies and debates within avant garde studies but also on contemporary forms of avant garde expression within a global political economy *The Plot Machine* Kai Mikkonen, 2021-11-01 This book presents a new and exciting theory of the modern French novel by developing the notion of the narrative as a textual machine Many turn of the century French novels thematically identified their means of narration through the various machines that they depicted The narrative devices that were particularly important in this self reflection included the temporal order of the plot the question of a narrative s beginning and end the hierarchy of narrative voices and the techniques of the point of view The question of mechanization became central on all these fronts Has the novel become automated or machine like At the same time the machine metaphors in the novels of Alfred Jarry Emile Zola Jules Verne Villiers de l Isle Adam Raymond Roussel combined the question of the

narrative form with new ways to think about man's relationship with technology and the cultural environment. The early modernist texts drew upon contradictory notions of technological promise and threat while they also depicted new forms of identity and behavior related to or modeled after machines. These texts highlighted cultural assumptions concerning technological innovations and critiqued mainly through parody and through various figures of man-machine fusion the positivistic belief in progress. Such writers looked for evidence of advanced forms of consciousness arising out of encounters with new technology such as telephones, trains, bicycles, telegraphy, phonographs, and electricity. This volume will be of interest to anyone working in the field of modern French literary and cultural history. It will especially appeal to anyone intrigued with the origins of the modernist novel, the history of narrative forms, and the question of how the experience of new technology may be portrayed in literary texts.

The Harkis Vincent Crapanzano, 2011-07. Studies the life in France of those Algerian Muslims who fought with the French army during the war of independence, moved to France after the war, and were placed in camps for years by the French government.

Sell the Pig and Buy Me Out Ben Aldiss, 2006. A cast of sturdy characters: existentialist of the working classes, senior ordinary seaman O'Rourke, Western Ocean man and would-be hard knock, the murderous Captain Jake Busti, the elderly Egyptian galley boy, drunken Chief Mate Cartrite, Dingbat, the ancient alcoholic Welsh engineer Hesta, the Padre's wife, and Clarrie, the ancient and classically camp chief steward, re-seen through the eyes of first-trip apprentice James Howard and his dotty inspiration Prudence back in Britain as James picks up the ethics of his nautical trade.

The Complete Encyclopedia of Medicine & Health Johannes Schade, 2006. Valuable medical resource containing medical, pharmaceutical, dental, and biological knowledge on diseases, treatment, healthy living, diets, stages of life, types of drugs, and medicines, and more, supplemented by full-color photographs, illustrations, and diagrams.

Before the Wall Came Down Graham Petrie, Ruth Dwyer, 1990. Proceedings of a conference on the topic of Soviet and East European film makers working in the West, held at McMaster University in Ontario in March 1989. The volume considers Soviet, Polish, Czech, and Hungarian cinema with particular emphasis on the films by Milos Forman and Jerzy Skolimowski.

The Multiple Worlds of Pynchon's Mason & Dixon Elizabeth Jane Wall Hinds, 2009. New essays examining the interface between 18th and 20th-century culture both in Pynchon's novel and in the historical past. Thomas Pynchon's 1997 novel *Mason Dixon* went further, using the same style, wit, and erudition to re-create an 18th century when America was being formed as both place and idea. Pynchon's focus on the creation of the Mason-Dixon Line and the governmental and scientific entities responsible for it makes a clearer statement than any of his previous novels about the slavery and imperialism at the heart of the Enlightenment, as he levels a dark and hilarious critique at this America. This volume of new essays studies the interface between 18th and 20th-century culture both in Pynchon's novel and in the historical past. It offers fresh thinking about Pynchon's work as the contributors take up the linkages between the 18th and 20th centuries in studies that are as concerned with culture as with the literary text itself.

Contributors: Mitchum Huehls, Brian Thill, Colin Clarke, Pedro Garcia.

Caro Dennis Lensing Justin M Scott Coe Ian Copestake Frank Palmeri Elizabeth Jane Wall Hinds is Professor and Chair of the English Department at SUNY Brockport Injustice and Prophecy in the Age of Mass Incarceration Andrew Skotnicki, 2022-06-28 Why do the UK and US disproportionately incarcerate the mentally ill frequently poor people of color Via multiple re framings of the question theological socioeconomic and psychological Andrew Skotnicki diagnoses a persecution of the prophetic at the heart of the contemporary criminal justice system This interdisciplinary book draws on criminology theology philosophy sociology psychology and psychiatric history to consider the increasingly intractable issue of mass incarceration Inviting a new collaborative conversation on penal reform as a fundamentally life affirming project it defends the dignity of those diagnosed as mentally unstable and their capacity for spiritual transcendence
