intriguing insights into a misunderstood woman Kirkus Reviews      **The Fortune Hunters** Charlotte Hays,2025-08-22 From Madame de Pompadour the famed mistress of Louis XV to Pamela Harriman who married into the English aristocracy and the American plutocracy there is a rich history of women who have found glamour and wealth in the arms of a billionaire But contrary to what you may think fortune hunting is no idle pursuit Like diving for treasure it s a real job Some women strive to be CEOs others prefer to wed them You ll meet today s dazzling successes in this book What kind of woman does it take to make the Midas marriage Exploring the lives of the great fortune hunters of our day reporter and former gossip columnist Charlotte Hays answers this tantalizing question You ll learn about the South Carolina woman who took a trip around the world with a shadowy shipping magnate only to meet and marry a philandering marquis You ll see what methods these women use to lure their powerful men including one playful fortune seeker who at a very high society soir e hurled a piece of bread at her intended beau starting a food fight You ll meet the New York socialite who remarried so quickly after a divorce her ex claimed she was a bigamist What are their recipes for riches Can a genuinely nice woman pursue this career What does love have to do with it With original interviews and photos Hays casts a light on the determination skill and yes sometimes ruthlessness that have shaped some of the most successful and lucrative unions of our time      **The Heart Has Its Reasons** Maria Duenas,2015-07-14 When her longtime marriage abruptly ends in the wake of her husband s infidelity Madrid college professor Blanca Perea struggles to rebuild her own life by researching that of an enigmatic Spanish writer who died decades earlier      **The Reign and Abdication of Edward VIII** Michael Bloch,2012-05-28 Michael Bloch gives a new twist to the oft told story of King Edward s short reign Drawing on a decade long study of the King s personality and on privileged access to his papers he sees the King s abdication partly as the result of a plot to get rid of him by men who mistrusted his modernity and popular touch but also explainable by the fact that he did not really want to be king or fight for his throne      **The Logic of Affect** Paul Redding,2019-04-15 Most attempts to trace the roots of current scientific approaches to the mind have ignored the contributions of post Kantian German idealism Paul Redding here shows the relevance of this philosophical tradition to an understanding of the mind and its embodiment as well as the relation of feeling to cognition Redding observes how Fichte Schelling and Hegel struggled with the problem of reconciling Kant s normative approach to experience and thought with the naturalistic stance of the emerging medical sciences A century later William James Freud and Jung also addressed the interconnection of thought and feeling reaching views similar to those of the post Kantian idealists In particular Redding argues the idealists conceived of a logic of affect that reemerged in Freud s concept of the primary process and in modern evolutionary ideas of subcortical processing This innovative book demonstrates how new insights can be brought to the study of mentality and consciousness by considering previously overlooked interpretations Redding shows that these early theorists of the unconscious can bring scholars to a better appreciation not only of classical thinkers like James and Freud but also of contemporary debates about the mind and emotions      **The Heart Has Its Reasons**
