F. Wharton, 2000 Celebrating the 400th anniversary of John Marston's debut as a professional playwright this collection of critical essays on his work by leading scholars in the early modern field discovers in the de-centred hilarious but unsettling work of this idiosyncratic Renaissance dramatist an uncannily post-modern voice Always at odds with his contemporaries the censor and sometimes his own audience Marston is shown to be a deeply conflicted figure but the qualities which estranged him from previous critical eras are precisely those that are now instantly accessible This volume's essays the themes of which coincide both in contemporary currents in literary theory and criticism and in the plays of John Marston reveal at every turn the full extent of his ambiguity towards politics gender and the very medium he wrote for and in **The Posen Library of Jewish Culture and Civilization** Deborah Dash Moore, Nurith Gertz, 2012-11-20 Presents an encyclopedia of Jewish culture from 1973 to 2005 including secular and religious examples from the visual arts literature and popular culture When Jesus Came, the Corn Mothers Went Away Ramón A. egotistical Morice was obsessed with gaining power and recognition as a missionary explorer and Indian expert With his native intelligence and boundless energy and determination he built a veritable kingdom for himself in northern B C However his rebellious and erratic behaviour finally led to a conflict with his superiors as David Mulhall points out in this fascinating account of a very atypical Oblate missionary

A Marriage of Philosophy and Music Erich Welling, 2014-04 How to use philosophy and music to open your horizons and enjoy being yourself put theory to work and help you experience personal growth is discussed in *A Marriage of Philosophy and Music* It is all about after After having a liberal education you are comfortable in modern culture and after further education and becoming a specialist in some field you enjoy using your skills We learn the ideas and methods of many social cultures and our own chosen specialty but we often neglect the liberal art of disciplining and enjoying the ideas and methods of our own individuality This book offers a path toward the education of privacy with the key words being selection design and beauty The book relates five areas of general human interest spirituality philosophy science art and body awareness The interrelation is accomplished by using personal patterns of experience that are available from philosophy and music Because of the plurality of subject matters and methods used in philosophy and music their patterns of discipline are

comparable to self discipline A Marriage of Philosophy and Music attempts to create a path in this direction because besides the enjoyment of social culture and personal skills there is enjoyment in being yourself which is a neglected liberal art

On Drugs David Lenson, Jeff Land, 1999-03-01 It has been more than twenty years since President Nixon declared the War on Drugs In On Drugs David Lenson delivers a scathing indictment of this war as an effort based like all attempts to eradicate getting high on an incomplete understanding of human nature From lotus eaters to hippies to crackheads he contends history has shown the state s inability to legislate the bloodstreams of its citizens Lenson ventures beyond conventional genres to view the drug debate from the largely forgotten perspective of those who use drugs In successfully walking the fine line between the antidrug hysteria of the 1980s and an advocacy of drug use Lenson shatters the ban on debate regarding drugs enforced in the Just Say No campaign and reveals the myriad ways straight society demonizes the drug user After considering several specific issues associated with drug use including sex violence and money Lenson concludes with his vision of the end of the Drug War by questioning the sense in condemning millions of Americans to lives of concealment and deceit
