Maugel, 2021-11-17 Excited about life Or do the events of each day flow into an unending sea of gray Are the sunny days too few and the cloudy days ever threatening Is there a spring to your step and a twinkle of teasing in your eyes Does a smile grace your lips and hope shape your vision The search for a better life an abundant life seems to be humanity's ever constant quest Spiritual Awareness introduces one to the joy of discovery It is a discovery of the spiritual currents that flow within the present moments of the here and now Amidst life's ebb and flow like the rising and falling tide they are currents that form dynamic movements of spiritual realities For the skeptic it provides a vision of a reality that can be experienced beyond the crust of conventional culture For the searcher it reveals the mystery of beauty and wonder that lead to spiritual dimensions of worship For those who suffer it reveals the reality of a healing grace as spiritual insight reshapes the pain and suffering consecrates it and offers it as a humble sacrifice unto the Lord in so doing discovering God's great mercy and comfort for the soul Spiritual Awareness is an effort to combat the dullness and superficiality of our age It seeks to probe more deeply into the mysteries that lie within the events of the common place by becoming increasingly aware of the presence and availability of the spiritual life This awareness leads to an authentic life worth living only because it is steeped deeply in the greatest of all realities This is true awakening All profits are intended to be given to charitable causes *Signs of Life in the USA* Sonia Maasik, Jack Solomon, 2011-11-21 Signs of Life in the USA teaches students to read and write critically about popular culture by giving them a conceptual framework to do it semiotics a field of critical theory developed specifically for the interpretation of culture and its signs Written by a prominent semiotician and an experienced writing instructor the text's high interest themes feature provocative and current reading selections that ask students to think analytically about America's impressive popular culture How is TV's Mad Men a lightning rod for America's polarized political climate Has the nature of personal identity changed in an era when we spend so much of our lives online Signs of Life bridges the transition to college writing by providing students with academic language to talk about our common everyday cultural experience Read the preface
