The Night Field Donna Glee Williams, 2023-07-20 The incredible novel of one woman's quest to save her people and her world Now updated with all new material and a reading group discussion guide It comes without warning without explanation the sudden deadly Stink that shreds the life of the People poisoning the land sickening the trees killing babies in the womb It comes from above from the Plains of the Ancestors but what has caused this murderous curse It falls to Pyn Poi to find out The young tree woman must climb the unclimbable cliff to face the Ancestors on their own ground and demand an accounting for the Stink But the end of the climb is just the beginning of Pyn Poi's journey What she finds in the world above is an abomination beyond the most fearsome fire stories of the People and she must defeat it or face the extinction of everything she has ever loved Praise for *The Night Field* Simple beautiful prose Scott T Barnes editor of NewMyths.com magazine Masterful storytelling Karin Lacey The Uncommon Octopus Beautifully written poetic Susan Sachs climate education mentor

Paranormal Visions: A Tapestry of the Unexplained: Tales of Mystery, Marvel, and the Supernatural Andy Kunz , 2025-06-11 What lies beyond Each day countless mysteries unfold in our world Even in this modern age nature continues to conceal vital knowledge and secrets from us What is the truth behind the journey of our souls The mystery of past lives The miraculous healing and traditional medicine Why are some houses haunted And why do so many of us eagerly read horoscopes in the newspapers It remains a mystery why some children seem to know more than adults Why are there child prodigies Is it because they have lived in this world before There is compelling evidence of out of body experiences The key to our thoughts is a powerful and irresistible web of mysteries There is still so much we need to learn about this world so many enigmas that our minds cannot yet explain You've seen them those small towns far from civilization far from the main roads You've seen them but do you remember Have you ever wondered what the people in these towns do Or why they choose to live there I find myself thinking and wondering why these thoughts enter my mind in the middle of the night in that space between waking and sleep So the next

time you plan to take a narrow path think carefully because whatever happens there you may be changed by it ,

Barry Blackstone,2019-01-03 Have you ever wondered what Jesus saw heard and did during his so called silent years between his birth in Bethlehem after his trip to Egypt and before his baptism at the Jordan River The only mentioned event in the Gospels from that time frame was being forgotten in Jerusalem by his parents at the age of twelve as recorded by Luke Barry Blackstone takes you on an imaginative journey an inspiring jaunt into those days of Jesus as he remembers his own boyhood and early childhood experiences in the tiny farming village of Perham Maine a hamlet similar in size and nature to the Nazareth of Jesus day After visiting an archeological site in Nazareth in 2010 Blackstone realized the parallels between his obscure upbringing and the quiet years of the Savior in his boyhood home It is the wish of the author that his reader might see through a morning dew a blossoming flower a blue sky a gentle rain a brilliant rainbow a crowing rooster a loving

sister and a father's carpenter's shop into the life of the boy Jesus Blackstone attempts to fill in some of the gaps in the story of Jesus by sharing his barnyard memories with an application to the teaching of the adult Jesus Can one see insights into what Jesus experienced in the lessons parables and teachings of his adult ministry **Whisper Of The Vanishing** Abhishek Morkhade , In a quiet Indian town wrapped in folklore and silence a mysterious banyan tree watches over everything ancient vast and strangely alive When a haunting crime shakes the town a complex web of memory identity and secrets begins to unravel But this is no ordinary mystery As strange events echo through the lives of those who return to the village a broken scientist a lost girl and a woman with memories she shouldn't possess time itself begins to bend Each discovery opens a door to something deeper something hidden not just in the past but itself in the fabric of reality What begins as an investigation soon becomes a journey through emotions too big for words grief guilt redemption and the question of if love can survive memory itself Whispers of the vanishing is not just a story It's an emotional rollercoaster through truth myth and the human heart where every chapter is connected every moment echoes and nothing is ever forgotten *America's Heartland Remembers* David J. writings on poetry in one essential volume **UFOs and Government** Michael D. Swords, 2012 Governments around the world have had to deal with the UFO phenomenon for a good part of a century How and why they did so is the subject of **UFOs and Government** a history that for the first time tells the story from the perspective of the governments themselves It is a perspective that reveals a great deal about what we citizens have seen and puzzled over from the outside for so many years The story which is unmasked by the governments own documents explains much that is new or at least not commonly known about the seriousness with which the military and intelligence communities approached the UFO problem internally Those approaches were not taken lightly In fact they were considered matters of national security At the same time the story reveals how a subject with such apparent depth of experience and interest became treated as if it were a triviality And it explains why one government the United States government deemed it wise and perhaps even necessary to treat it so Though the book focuses primarily on the U S government s response to the UFO phenomenon also included is the treatment of the subject by the governments of Sweden Australia France Spain and other countries This large format fully illustrated book is the result of a team effort that called itself The UFO History Group a collection of veteran UFO historians and researchers who spent more than four years researching consulting writing and editing to present a work of historical scholarship on government response to the UFO phenomenon Michael Swords was the primary author of the United States chapters The work was coordinated and edited by Robert Powell Clas Svahn Vicente Juan Ballester Olmos Bill Chalker and Robert Powell contributed country chapters Jan Aldrich was the primary content consultant with additional content consultation and writing coming from Barry Greenwood and Richard Thieme Steve Purcell was the primary photo illustration editor From the foreword by Jerome Clark While **UFOs and Government** revisits an often unhappy history the reading of it is far from an unhappy experience The authors eloquent intelligent sophisticated and conscientious provide us with the first credible comprehensive overview of official UFO history in many years Most of the current volume deals with U S military and intelligence responses to the UFO phenomenon but it also features richly informative chapters that expand the story across the international arena If you re looking for an example of a nation that dealt productively with the UFO reports that came its official way you will take heart in the chapter on the French projects From here on every responsible treatment of UFOs and government will have to cite **UFOs and Government** prominently among its sources this is the real story as accurately as it can be reconstructed in the second decade of the new century I expect to keep my copy close at hand and to return to it often While it cannot be said of many books UFO themed or otherwise this is among the essential ones Stray from it at your peril **Poems Inspired by Dreams** Margaret Cox, 2014-12-30 This book has all the poetic dreams one could wish for It is written in a gentle style easy to read and to ponder over Margaret Cox
