powerful role in the diagnostic process with consequences of blurring the distinction between cultural and scientific standards Broadened definitions of mental illness have had a corrosive effect on the criminal justice system in undercutting traditional conceptions of criminal behavior and have encouraged state sanctioned coercive interventions that bestow special privileges and impose special hardships on persons diagnosed as mentally ill Lucidly written and powerfully argued and now available in paperback this provocative and challenging volume will be of interest to psychologists criminologists and sociologists Encyclopedia of Drugs and Alcohol ,1995 Articles include those on actions of drugs on the body as well as articles on social policy politics economics international trafficking law enforcement scientific and medical research treatment and prevention of drug abuse and epidemiology **The Oxford Encyclopedia of Food and Drink in America** Andrew Smith,2013-01-31 Home cooks and gourmets chefs and restaurateurs epicures and simple food lovers of all stripes will delight in this smorgasbord of the history and culture of food and drink Professor of Culinary History Andrew Smith and nearly 200 authors bring together in 770 entries the scholarship on wide ranging topics from airline and funeral food to fad diets and fast food drinks like lemonade Kool Aid and Tang foodstuffs like Jell O Twinkies and Spam and Dagwood hoagie and Sloppy Joe sandwiches *The ^AOxford Companion to American Food and Drink* Andrew F.
