Diamond Cut Six Packs! Andrei Besedin, 2017-09-24 Losing weight is a billion dollar industry in America there are thousands of devices and programs you can buy that promise to get you 6 pack abs fast but they don't work If it were as easy as buying a pill shake or ab machine then the shopping malls across America you would see all men with rippling washboard abs and all women with flat tummies but what do we see instead Obesity everywhere Let's clear up one huge misconception right now ab machines and ab exercises will NOT get you 6 pack abs 95% of the work in getting 6 pack abs is losing bodyfat and no ab exercise will do that If you have a beer belly you could do ab exercises all year long and still never get 6 pack abs You can have rippling muscular abs but if they are covered with an inner tube of fat then nobody is going to see them It's not that hard and it's not that complicated The changes you need to make to lose weight and reduce your bodyfat are much smaller than you fear and they are easier to live with than you could possibly imagine A common sense approach involving exercise and nutrition is all that is required to get ripped washboard abs When most people think about losing weight what comes to mind is words like hunger deprivation diet and agony No Losing weight properly will not result in any of these the key is in the above two words common sense **Building Age**, 1905 **Farmer's Weekly**, 1924 **Cincinnati Magazine**, 1985-06 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **The 8-Hour Diet** David Zinczenko, 2013-12-03 In The 8
