Scholarly Edition Writing to his publisher in 1813 Shelley expressed the hope that two of his major works should form one
volume nearly two centuries later the second volume of the Johns Hopkins edition of The Complete Poetry fulfills that wish
for the first time This volume collects two important pieces Queen Mab and The Esdaile Notebook Privately issued in 1813
Queen Mab was perhaps Shelley s most intellectually ambitious work articulating his views of science politics history religion
society and individual human relations Subtitled A Philosophical Poem With Notes it became his most influential and pirated
poem during much of the nineteenth century a favorite among reformers and radicals The Esdaile Notebook a cycle of fifty
eight early poems exhibits an astonishing range of verse forms Unpublished until 1964 this sequence is vital in
understanding how the poet mastered his craft As in the acclaimed first volume these works have been critically edited by
Donald H Reiman and Neil Fraistat The poems are presented as Shelley intended with textual variants included in footnotes
Following the poems are extensive discussions of the circumstances of their composition and the influences they reflect their
