DADA, Surrealism, and the Cinematic Effect R. Bruce Elder, 2015-10-15 This book deals with the early intellectual reception of the cinema and the manner in which art theorists philosophers cultural theorists and especially artists of the first decades of the twentieth century responded to its advent While the idea persists that early writers on film were troubled by the cinema's lowly form this work proposes that there was another largely unrecognized strain in the reception of it Far from anxious about film's provenance in popular entertainment some writers and artists proclaimed that the cinema was the most important art for the moderns as it exemplified the vibrancy of contemporary life This view of the cinema was especially common among those whose commitments were to advanced artistic practices Their notions about how to recast the art media or the forms forged from those media's materials and the urgency of doing so formed the principal part of the conceptual core of the artistic programs advanced by the vanguard art movements of the first half of the twentieth century This book a companion to the author's previous *Harmony Dissent* examines the Dada and Surrealist movements as responses to the advent of the cinema

Chetan Pamela Faye, 2004. Chetan is a Native American historic fiction novel narrated through the spirit voice of a Shawnee Elder. The depth of spirituality Native Americans possess is very real; they live and breathe Mother Earth, Father Sky, and the Great Spirit, creator of all things. They honor the four directions from whence each changing season comes; they honor the spirit fires that burn brightly to carry prayers in rising tendrils of smoke. Their vision sees to the Big Bear constellation and beyond. All living things must be respected: the medicines that grow wild, fish that swim in winding rivers, animals and birds that cry out in the full moon's light. 500 Nations hear eagles cry from mountains high; the sun is the giver of all life. They sit with patience and watch and listen for it; it whispers in the trees, they hear clearly; the breath of wind carries the spirit of ancient ones who forever guide the hearts of Native Americans. Mother Earth will shake with rage if she is angered; she must be honored, her beauty must be respected. If you love Native American culture, hear the songbirds' voice of the Shawnee language as it floats with the touch of a feather from turning pages. This story lifts from the history pages of time; the characters are fictitious, but Native American culture will forever carry on the beauty of a timeless tale. This is a story not to be missed; it carries the heart and soul of the author.
