Sons Of The Yellow Emperor:

Sons of the Yellow Emperor Lynn Pan,1990 A study of the continuing migration of the Chinese diaspora The book blends history biography and travel writing with a personal portrait from the author Sons of the Yellow Emperor Lynn Pan,1990 **Sons of the Yellow Emperor [sound Recording] : a History of the Chinese Diaspora** Backman, George,Pan, Lynn,1993 The Discourse of Race in Modern China Frank Dikötter,2015 Dikötter writes accessible history and has won the prestigious BBC Samuel Johnson Prize for his book Mao's Great Famine The author shows how and why notions of race became so widespread in China now updated to include the continuation of this trend into the twenty first century He examines how Western notions of scientific racism have played out in China China William A. Callahan,2012-02-16 China is fast becoming the next superpower a rise that presents a challenge to the world economically politically and culturally Drawing on extensive new Chinese sources Professor Callahan sheds fascinating light on how Chinese people understand their changing place and what that might mean for the world **Kingdoms in Peril, Volume 2** ,2023-10-17 Translated in full for the first time this second volume immerses readers in the power and drama of the electrifying classic Chinese novel Lord Wen of Jin brings some temporary stability to the political scene when he returns after many years in exile However the grants of land and office to his longstanding supporters make them too powerful for his successors to control Just as the Zhou aristocrats seize power from their king a bitter struggle begins as ministers seek to impose their authority on their lords One of the great works of Chinese literature Kingdoms in Peril is an epic historical novel charting the five hundred years leading to the unification of the country in 221 B C E under the rule of the legendary First Emperor Writing some fourteen hundred years later the Ming era author Feng Menglong drew on a vast trove of literary and historical documents to compose a gripping narrative account of how China was forged Detailing the stories of unforgettable characters who defined and shaped the times in which they lived the complete edition of Kingdoms in Peril is a vital resource for those seeking a comprehensive overview of China's ancient past and the political machinations that led to its unification There are many historical works that provide an account of some of these events but none are as thrilling and breathtakingly memorable as Kingdoms in Peril Kingdoms in Peril, Volume 2 Feng Menglong,2023-10-17 Kingdoms in Peril is an epic historical novel covering the five hundred and fifty years of the Eastern Zhou dynasty from the civil wars and invasions that marked the birth of a new regime in 771 BCE to the unification of China in 221 BCE Kingdoms in Peril was written in the 1640s at the very end of the Ming dynasty by the great novelist Feng Menglong 1574-1646 In the course of the one hundred and eight chapters of the complete novel he documents the collapse of the Zhou confederacy during the Spring and Autumn period 771-475 BCE and the slow rebuilding of civil society during the Warring States era 475-221 BCE which culminated in the unification of China under the First Emperor of the Qin dynasty in 246-221 BCE as king in 221-210 BCE as emperor Thus overall this novel describes a grand arc from stability to chaos and back again As a novel about politics much of the narrative

in Kingdoms in Peril concentrates on the exercise of power The Hybrid Tsinoys Juliet Lee Uytanlet,2016-06-28 The Hybrid Tsinoy is a study of hybridity and homogeneity as sociocultural constructs in the development of current ethnic identity of Chinese Filipinos This study employs a descriptive ethnographic research method to discover how they see or define themselves in terms of ethnicity Chinese Filipino or both and how their perspectives affect other aspects of their lives language marriage and family The research proposes that there are different kinds of Chinese Filipinos as evidenced in the six classifications in chapter 4 Further most of them have constructed a hybrid culture exclusively and uniquely their own On the one hand they are still attached to their cultural roots on the other hand they cannot evade the fact that they are influenced by their host country and the present global and migratory age we live in Second third and fourth generation Chinese Filipinos demonstrate their hybridity in language and mindset This dissertation also lays out some challenges in relation to doing mission among them *The Construction of Racial Identities in China and Japan* Frank Dikötter,1997-01-01 Far from being a negligible aspect of contemporary identity racialised senses of belonging have often been the very foundation of national identity in East Asia in the twentieth century As this volume shows the construction of symbolic boundaries between racial categories has undergone many transformations in China and Japan but the attempt to rationalise and rank real and imagined differences between population groups remains wide spread In an era of economic globalisation and political depolarisation racial discrimination has increased in East Asia affecting the human rights of marginalised groups and collective perceptions of the world order The historical background and contemporary implications of these potentially explosive issues are addressed **The Lius of Shanghai** Sherman Cochran,Andrew Hsieh,2013-04-22 From the Sino Japanese War to the Communist Revolution a cache of letters from one of China's prominent families the Lius of Shanghai sheds light on a tumultuous era Sherman Cochran and Andrew Hsieh show how the family confronted war civil unrest and social upheaval and how in the midst of it all they built a vast business empire Asian Godfathers Joe Studwell,2008-09-23 The author of How Asia Works follows the money Alarming enlightening Joe Studwell should be named chief myth buster for Asian business Financial Times Hong Kong and Southeast Asia are home to five hundred million people yet their economies are dominated by only fifty families whose interests range from banking to real estate shipping to sugar gambling to lumber At their peak eight of the world's two dozen richest men were Southeast Asian but their names would not be familiar to most regular readers of The Wall Street Journal A complex mythology surrounds these billionaires but in Asian Godfathers Joe Studwell finds that the facts are even more remarkable than the myths Studwell has spent fifteen years as a reporter in the region and he marshals his unprecedented sources to paint intimate and revealing portraits of the men who control Southeast Asia Studwell also provides us with a rich and deep understanding of the broader historic economic and political influences that have shaped Southeast Asia over the past 150 years Asian Godfathers is a riveting and illuminating book that lifts the curtain on a world of staggering secrecy and hypocrisy and reveals for the first time who the leaders of one

of the planet's most important and tumultuous markets really are why they got to the top and how they keep themselves there The romp around the region's pleasure domes is a blast The Wall Street Journal Asia **Becoming Yellow** Michael Keevak, 2011-04-18 The story of how East Asians became yellow in the Western imagination and what it reveals about the problematic history of racial thinking In their earliest encounters with Asia Europeans almost uniformly characterized the people of China and Japan as white This was a means of describing their wealth and sophistication their willingness to trade with the West and their presumed capacity to become Christianized But by the end of the seventeenth century the category of whiteness was reserved for Europeans only When and how did Asians become yellow in the Western imagination Looking at the history of racial thinking *Becoming Yellow* explores the notion of yellowness and shows that this label originated not in early travel texts or objective descriptions but in the eighteenth and nineteenth century scientific discourses on race From the walls of an ancient Egyptian tomb which depicted people of varying skin tones including yellow to the phrase yellow peril at the beginning of the twentieth century in Europe and America Michael Keevak follows the development of perceptions about race and human difference He indicates that the conceptual relationship between East Asians and yellow skin did not begin in Chinese culture or Western readings of East Asian cultural symbols but in anthropological and medical records that described variations in skin color Eighteenth century taxonomers such as Carl Linnaeus as well as Victorian scientists and early anthropologists assigned colors to all racial groups and once East Asians were lumped with members of the Mongolian race they began to be considered yellow Demonstrating how a racial distinction took root in Europe and traveled internationally *Becoming Yellow* weaves together multiple narratives to tell the complex history of a problematic term
