The Sorcery Club Elliott O'Donnell, 1912 The Sorcery Club Elliott O'Donnell, 2015-10-27 Chapter I Rain is responsible for a great deal more than the mere growth of vegetables; it is a controller, if a somewhat capricious controller, of man's destiny. It was mainly, if not entirely owing to rain that the French lost the Battle of Agincourt, whilst, if I mistake not, Confucius alone knows how many victories have been snatched from the Chinese by the same factor. It was most certainly rain that drove Leon Hamar to take refuge in a second-hand bookshop, for so deep-rooted was his aversion to any literature, saving a financial gazette or the stock and shares column of a daily, that nothing would have induced him to get within touching distance of a book, save the risk of a severe wetting. Now to his unutterable disgust, he found himself surrounded by the things he loathed. Books, ancient, very ancient, judging by their bindings, and modern histories, biographies, novels, and magazines, anything from ten dollars to five cents, and all arrayed with most laudable tact according to their bulk and condition. But Hamar was neither to be tempted nor mollified. He frowned at one and all alike, and the colossal edition of Miss Somebody's or Other's poems, that by reason of its magnificent cover of crimson and gold occupied a most prominent position, met with the same vindictive reception as the tattered and torn volumes of Whittier stowed away in an obscure corner. Backing still further into the entrance of the store for a better protection from the rain, which now falling heavier and heavier, was blown in by the wind, Hamar collided with a stand of books, with the result that one of them fell with a loud bang on the pavement. A man, evidently the owner of the store, and unmistakably a Jew, instantly appeared. Picking up the book and wiping it with a dirty handkerchief, he thrust it at Hamar.

They can be read in any order. Irish Novels 1890-1940 John Wilson Foster, 2008-02-21 Studies of Irish fiction are still scanty in contrast to studies of Irish poetry and drama. Attempting to fill a large critical vacancy, *Irish Novels 1890-1940* is a comprehensive survey of popular and minor fiction, mainly novels published between 1890 and 1922, a crucial period in Irish cultural and political history. Since the bulk of these sixty-odd writers have never been written about, certainly beyond brief mentions, the book opens up for further exploration a literary landscape hitherto neglected, perhaps even unsuspected. This new landscape should alter the familiar perspectives on Irish literature of the period, first of all by adding genre fiction, science fiction, detective novels, ghost stories, New Woman fiction, and Great War

novels to the Irish syllabus secondly by demonstrating the immense contribution of women writers to popular and mainstream Irish fiction Among the popular and prolific female writers discussed are Mrs J H Riddell B M Croker M E Francis Sarah Grand Katharine Tynan Ella MacMahon Katherine Cecil Thurston W M Letts and Hannah Lynch Indeed a critical inference of the survey is that if there is a discernible tradition of the Irish novel it is largely a female tradition A substantial postscript surveys novels by Irish women between 1922 and 1940 and relates them to the work of their female antecedents This ground breaking survey should also alter the familiar perspectives on the Ireland of 1890 1922 Many of the popular works were problem novels and hence throw light on contemporary thinking and debate on the Irish Question After the Irish Literary Revival and creation of the Free State much popular and mainstream fiction became a lost archive neglected evidence indeed of a lost Ireland

The Pest W. Teignmouth Shore, 2021-05-19 W Teignmouth Shore's *The Pest* captivates readers with its incisive exploration of societal decay through the lens of a fictional plague Written in a richly descriptive style that evokes the atmospheric tension of Gothic literature the narrative interweaves elements of horror and psychology delving into the human experience during a time of crisis Set against a backdrop of Victorian England the novel serves as a poignant commentary on both personal and collective anxieties regarding contagion and moral corruption reflecting contemporary fears of disease and societal fragility Shore a writer with an extensive background in social reform and literature draws upon his experiences and observations of 19th century society to shape this gripping tale His interests in the moral implications of public health and the psychological impacts of fear manifest in richly nuanced characters grappling with their own demons while battling external threats Shore's depth of understanding regarding the human condition enhances the narrative inviting readers to ponder the ethical dilemmas faced by individuals in the face of overwhelming adversity This compelling novel is recommended for those who appreciate historical fiction that intertwines psychological depth with social commentary *The Pest* is not merely a story about a plague it is a profound exploration of humanity at its most vulnerable making it a resonant read for contemporary audiences seeking to understand the complexities of fear and resilience
