Soul Recreation Tom Schwanda, 2012-04-11 Spiritually there is a great hunger today for contemplative and more satisfying experiences with God Puritanism might seem to be an unlikely source for this yet few groups in the history of Christian spirituality have written more extensively or wisely on the subject Isaac Ambrose 1604-64 a relatively forgotten English Puritan developed a theological foundation for the spiritual life based upon the Christian's intimate union with Christ which the Puritans often called spiritual marriage Schwanda demonstrates that this vibrant relationship of union and communion with Jesus inspired by the Holy Spirit was manifested in a deep contemplative piety of gazing lovingly and gratefully upon God At the same time Ambrose did not neglect loving his neighbors This study reveals how heavenly meditation was one of the significant practices engaged by Ambrose to cultivate spiritual intimacy and enjoyment of God Further his experiential reading of Scripture in particular the Song of Songs

provided him with a language of rapture and delight in God This book provides a distinctively Protestant foundation for recovering the contemplative life while recognizing the significant contributions of the Western Catholic tradition *The Ethics of Oneness* Jeremy David Engels, 2021-04-05 We live in an era defined by a sense of separation even in the midst of networked connectivity As cultural climates sour and divisive political structures spread we are left wondering about our ties to each other Consequently there is no better time than now to reconsider ideas of unity In *The Ethics of Oneness* Jeremy David Engels reads the Bhagavad Gita alongside the works of American thinkers Ralph Waldo Emerson and Walt Whitman Drawing on this rich combination of traditions Engels presents the notion that individuals are fundamentally interconnected in their shared divinity In other words everything is one If the lessons of oneness are taken to heart particularly as they were expressed and celebrated by Whitman and the ethical challenges of oneness considered seriously Engels thinks it is possible to counter the pervasive and problematic American ideals of hierarchy exclusion violence and domination *The Tale of Sinuhe and Other Ancient Egyptian Poems, 1940-1640 BC*, 1998 This anthology contains all the substantial surviving works from the golden age of Ancient Egyptian fictional literature c 1940 1640 B C Composed by an anonymous author in the form of a funerary autobiography the Tale tells how the courtier Sinuhe flees Egypt at the death of his king His adventures bring wealth and happiness but his failure to find meaningful life abroad is only redeemed by the new king's sympathy and he finally returns to the security of his homeland Other works from the Middle Kingdom include a poetic dialogue between a man and his soul on the problem of suffering and death a teaching about the nature of wisdom which is bitterly spoken by the ghost of the assassinated King Amenemhat I and a series of light hearted tales of wonder from the court of the builder of the Great Pyramid Jacket *Inside Job* Stephen W. Smith, 2015-06-05 Leaders work hard to succeed but often at the cost of their own souls Stephen W Smith helps leaders set aside the life draining values of power and position and instead explore the life giving qualities of building character There is a better way to live than the craziness of our driven world This is your invitation to journey inside and do the work within your work Teilhard de Chardin David Grumett, 2005 Pierre Teilhard de Chardin 1881 1955 has been regarded for too long as an esoteric thinker who evacuates theology by subjecting it to scientific theory There is an urgent need to reclaim him as a French catholic theologian with intellectual roots in the early twentieth century Teilhard's imaginative and inspiring work is grounded in the constructive use of biblical and patristic motifs and in his own life experiences of war exile and scientific endeavour From these he develops a distinctive philosophical theology which combines elements frequently assigned to the separate domains of philosophy of religion systematic theology and mysticism Teilhard provides a detailed theology of human embodiment and natural substances whilst his theories of human action passion vision and virtue offer suggestive resources to pastoral theology His evolutionary cosmology and social democratic politics are discussed in their historical context and the significance of his work for the ongoing dialogue between science and religion is assessed **The Kundalini Yoga Experience** Darryl O'Keeffe, Guru Dharma Singh

don't have any control at all. What we believe about ourselves becomes our reality and in so many ways what we believe about ourselves forms our future. I'm not speaking in airy fairy New Age terms here. I am talking about the real deal. Our paradigms drive us one way or the other. You have to willfully choose how you want to be steered. If you are the captain of your boat called life, then your hands need to firmly remain on the wheel that moves the rudder. You can't be the captain of your boat called life if you allow other people to form your paradigms, your beliefs about Self. Don't allow others to shape your beliefs about yourself. Read *The Empowered Life*. Success coach Cassandra Blizzard offers an intensive look at how we inadvertently give away our personal power and how we can regroup and bring ourselves back into balance. This book is the culmination of years of working with people and teaching clients how to trust in their Soul, live a more balanced life and find fulfillment and happiness in the world. Build a bridge of trust with your own Soul, become self-actualized and take charge of your life like never before. Learn how to get rid of old baggage and break up old belief systems that hold you back and be bold about moving forward in positive ways. You can have the good life, a balanced life and an emotionally healthy life. Cassandra shows readers how to appreciate respect and value Self, how to lay down positive boundary lines in relationships and how to transform your life overall. Break through wrong thinking, overcome obstacles, restore hope and create personal success. Using this book together with *The Empowered Life The Workbook*, you can transform yourself and your life, reconnect with your Soul and develop inner peace. Wouldn't you like to feel better about your life? Empowerment is just a choice away. Sometimes we make major changes in life just by taking one small step or making one simple decision. But those decisions are not always easy to make. We tend to cater to other people's whim or we are afraid of hurting someone's feelings. Afraid to take a risk to step out of that dead end job and aim for something higher. Afraid to make a decision to get out of a bad relationship. Afraid, fearful, anxious. Too often these are the emotions that rule our lives and make our decisions for us. But it doesn't have to be that way. You can empower yourself to be more in control of your life, to be more centered, to make more positive decisions for self and to understand how the soul works in your life to bring you to a better place, always. Whether in business relationship or just within yourself, you can learn how to take control and be a much more balanced, much happier person. Relationship, Self Esteem, Depression, Empowerment, Healing, Confidence, Personal Power, Intuition. *Jyotir Brahma Rahasya - The Secret of the Light Divine*. Saket Shah, 2025-04-13.
