**Listening to Noise and Silence** Salomé Voegelin, 2010-03-31 Listening to Noise and Silence engages with the emerging practice of sound art and the concurrent development of a discourse and theory of sound In this original and challenging work Salomé Voegelin immerses the reader in concepts of listening to sound artwork and the everyday acoustic environment establishing an aesthetics and philosophy of sound and promoting the notion of a sonic sensibility A multitude of sound works are discussed by lesser known contemporary artists and composers for example Curgenven Gasson and Federer historical figures in the field Artaud Feldman and Cage and that of contemporary canonic artists such as Janet Cardiff Bill Fontana Bernard Parmegiani and Merzbow Informed by the ideas of Adorno Merleau Ponty and others the book aims to come to a critique of sound art from its soundings rather than in relation to abstracted themes and pre existing categories Listening to Noise and Silence broadens the discussion surrounding sound art and opens up the field for others to follow *Sound*

*effects* Laura Jayne Wright, 2023-06-27 This book shows that the sounds of the early modern stage do not only signify but are also significant Sounds are weighted with meaning offering a complex system of allusions Playwrights such as Jonson and Shakespeare developed increasingly experimental soundscapes from the storms of King Lear 1605 and Pericles 1607 to the explosive laboratory of The Alchemist 1610 Yet sound is dependent on the subjectivity of listeners this book is conscious of the complex relationship between sound as made and sound as heard Sound effects should not resound from scene to scene without examination any more than a pun can be reshaped in dialogue without acknowledgement of its shifting connotations This book listens to sound as a rhetorical device able to penetrate the ears and persuade the mind to influence and to affect

**From Phenomenon Labyrinths To Midnights of Zugzwangs Or Missing Apparitions in Yügen Recordings I** Engin Yurt, 2021-03-01 But in the thought experiment of forgiving a forgiving there is something is dilemmatic and blurring There are no ultimate good or ultimate bad sides There is no unspeakably bad impossible to forgive thing There is only a god forgiving the human souls It is almost silly and absurd to see this action as a hurtful disturbing and a bad thing The god's forgiving all human souls is really not a matter of forgiving not at all It is really not related to the sphere of forgiving and not forgiving just like the occurrence of leaves of the trees falling on the soil from the trees is not something ethically bad or good The god's forgiving all does not belong to the dimension of forgivable unforgivable things But nonetheless god's this forgiving causes something in the heart of the human A sense of fairness and justness is broken by this act of forgiving by god Some souls not all of them now have to forgive god's forgiving They have to find a way to forgive something that doesn't even belong to the realm of forgivable unforgivable dichotomy They have to forgive that god doesn't hold its side of the bargain If the other side of the bargain would not follow what is required by the agreement then what was the point of keeping this side of the bargain if in the end everyone would be treated the same In the act of forgiving all there is a violence a violation a trespass This violence is two folded It is both about not keeping the requirements of the bargain and also about conflicting the content of it But how can one see a forgiving a grace an ultimate goodness and kindness as something within the realm of forgivable unforgivable The

god s forgiving is so not something belongs to the realm of forgiving that it doesn t open itself to neither forgiveness nor unforgiveness But what about heart s mathematics A Text-book of Human Physiology Austin Flint,1879 *The Poetry Circuit* Peter B. Howarth,2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore s accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery s anti charismatic Poets Theatre Amiri Baraka s documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do

**Contemplation and Calm** Ken Rodgers,John Einarsen,2025-10-28 Ma the emptiness in which time space and thoughts are suspended is an invitation to awareness The traditional Japanese concept of ma refers to a pause or a space the moment of

no action the stillness and silence that is filled with more powerful energy than the moments of action on the classic Noh stage It also refers to the pauses taken in between notes by a shakuhachi flute player or the spaces between stones in a Zen garden which reveal unexpected vistas and perspectives The eighteen thought provoking essays in this book present the work of talented writers and artists with vast experience in the fields of Japanese art religion music and philosophy They show us how the experience of ma in the traditional Zen arts and practices can be used to create a greater awareness of our surroundings to vastly improve our lives in many other areas Highlights include The Unspoken Space We Share by Pico Iyer who reflects on our word choice the way we speak to each other and the pauses in our everyday conversations Some Gravel Some Stones by Steven Mansfield who explores deliberate spaces in Japanese garden design and how these provide us with moments of calm Photographic Ma by Robert van Koesveld who draws our attention to the mysterious communicative power of spaces in photographic compositions that draw us in on a subconscious level Between Form and Emptiness an interview with artist Miya Ando whose work in metal canvas and sculpture is deeply rooted in Zen Buddhist philosophy and reflects the human experience of time the seasons and ephemerality Moments of Silence and Stillness by Magda Rittenhouse whose explorations of traditional Japanese design focus on the spaces between inside and outside sacred and profane the safe and the unfamiliar Plus thirteen other fascinating essays Illustrated with 80 stunning photographs this book will appeal not just to those with an interest in Japanese culture and philosophy but to anyone seeking to escape the stresses and challenges of daily life and develop a more balanced meditative approach to the world
