**The Journey from Music Student to Teacher** Michael Raiber,David Teachout,2014-01-03 From Music Student to Teacher A Professional Approach helps prospective music educators begin their transition from music student to professional music teacher The text uniquely works to build upon the individual s personal experience to enhance their approach to the profession The authors help students first recognize their personal perspectives of the profession and uncover the assumptions they have concerning learning and teaching They are then prepared to make mindful informed decisions about their professional education The topics and activities are deliberately organized to help the reader think as a professional rather than a student Divided into three parts a discovery of self b discovery of teaching and c discovery of learners The three parts address the primary stages of teacher development Within each part readers are

connected to the theoretical foundations of the text and the process of becoming an insider to the profession From Music Student to Teacher A Professional Approach incorporates online resources and tools that are already familiar to students in their world of networking through social media Features include Social networking activities to aid self reflection and discussion Connecting to the Profession sections that provide resources which help to bridge the gap between theory and practice Discussion and glossary that provide a solid base in professional terminology An integrated companion website including videos of teaching practice and further activities for self reflection plus instructor material Michael A Raiber is Professor of Music Education at Oklahoma City University David J Teachout is Associate Professor and Department Head of Music Education at the University of North Carolina Greensboro

**Holistic Musical Thinking: A Pedagogical Model for Hands-On and Heart-Felt Musical Engagement** Daniel C. Johnson,2024-08-06 Holistic Musical Thinking presents a comprehensive view of how people engage with music from a hands on and heart felt perspective This approach embraces the teaching and learning processes as a multi dimensional amalgamation of knowing doing and feeling through musical experiences The result is a five dimensional model that synthesizes cognitive affective and psychomotor learning with curricular integration With pedagogical applications Holistic Musical Thinking offers a multi faceted perspective that benefits both music teachers and their students This innovative approach uses established research for a new model of musical thinking and taxonomy of musical engagement Complete with classroom vignettes and pedagogical strategies this book reframes musical thinking as a new direction in music education Written for music teachers teacher educators and their students this book provides practical applications of the multi dimensional Model of Holistic Musical Thinking for K 12 music education and beyond

**Teacher Evaluation in Music** Cara Faith Bernard,Joseph Michael Abramo,2019-01-04 Teacher Evaluation in Music A Guide for Music Teachers in the U S aims to help music teachers navigate the controversial terrain of teacher evaluation Rather than entering the debate on policy divorced from practice this book is intended as a pragmatic approach to help music teachers to thrive within teacher evaluation systems and as a way to improve practice Using Shulman s concept of content knowledge general pedagogical knowledge and pedagogical content knowledge this book strives to help music teachers find a balance between advocating for themselves and their programs and for using teacher evaluation to improve their teaching The book covers history of policy and law of teacher evaluation and the competing uses of teacher evaluation to rate teachers or as a professional development tool The descriptions of policies laws and competing uses are approached in a way to help music teachers use teacher evaluation for their benefit to grow as professionals This book has chapters devoted to giving detailed and specific strategies in key areas that research has suggested music teachers struggle to implement questioning literacy differentiated instruction and assessment Complimenting these key areas are sample lesson plans which apply the strategies of questioning differentiation literacy and assessment discussed in each chapter These lessons serve as a resource and guide for teachers to develop their own lessons and improve their practice The final

chapter gives guidance on how music teachers may talk to administrators and evaluators to make teacher evaluation productive Through these detailed descriptions of understanding teacher evaluation talking to evaluators and improving practice music teachers may not just survive but thrive in these systems of accountability     Seeking Connections Janet Revell Barrett, 2023 Music connects the lives of students teachers and school communities in many ways Music is also integrally related to other art forms history culture and other subjects commonly taught in schools These relationships deserve critical attention particularly as educators seek to reorient their curricula and pedagogy toward the pressing aims of social justice Seeking Connections encourages interdisciplinarity as a capacity to be exercised an orientation or habit of mind that teachers and students can develop This capacity depends upon viewing music as permeable recognizing that music influences related ways of knowing just as related ways of knowing influence music This book invites teachers to create educational experiences that engage students in exploring an expansive relationship with music With imaginative examples drawn from diverse musical genres visual art poetry and historical cases Seeking Connections provides thoughtful principles models and instructional strategies to deepen students understandings of musical works and inspire interdisciplinary inquiry throughout elementary and secondary music programs as well as settings in music teacher education and professional development
